## ***IN MEMORY***

**From 1973 through 1998, West Virginia has had the honorable distinction of being a state with one of the lowest crime rates in the nation.**

**The entire law enforcement community and the citizens of West Virginia should be applauded for the cooperative effort which made this distinction a reality. The 1998 edition of "Crime in West Virginia" is dedicated to those law enforcement officers who have paid the supreme sacrifice in the protection of their communities. The following is a list of all West Virginia officers feloniously killed in the line of duty since 1972.**

STATE OF WEST VIRGINIA  
OFFICE OF THE GOVERNOR  
CHARLESTON 25305

CECIL H. UNDERWOOD  
GOVERNOR

## Greetings From the Governor

Living in West Virginia, we often reflect on the many blessings bestowed on our state; the beautiful scenery, our natural resources, the sense of community among our people, the strong work ethic of our citizens, the cohesiveness of our families and the low impact crime has on our daily lives. But, that doesn't mean our state is without crime; quite the contrary. This 27th edition of Crime in West Virginia gives us a "snapshot" of criminal activity in our area. This synopsis aids us in directing our efforts, time and money to powerfully combat crime. After all, "you can't manage what you can't measure".

With the technological advances provided by the computer, we are able to enhance our measurement and management of crime. Since we truly wish to maintain the quality of life enjoyed by our citizens and lessen any effect crime may or may not have on our existence, West Virginia has adopted the Incident Base Reporting System to provide greater precision and detail to our knowledge of crime in this state. This edition of Crime in West Virginia is the last of 27 annual reports in this familiar format. The next publication will be the first utilizing the new method of collecting crime data.

We would like to express our appreciation to all the contributing law enforcement agencies in the state. It is only with their cooperation that this essential tool for fighting crime is made possible.

Sincerely,

A handwritten signature in black ink, appearing to read "Cecil H. Underwood", with a large, sweeping flourish extending to the right.

Cecil H. Underwood  
Governor

**Cecil H. Underwood**  
Governor

**Colonel Gary L. Edgell**  
Superintendent

The Honorable Cecil H. Underwood  
Governor of West Virginia  
State Capitol Building  
Charleston, West Virginia 25305

Dear Governor Underwood:

Pursuant to Chapter 15, Article 2, Section 24 of the West Virginia Code, may I submit to you this 27<sup>th</sup> edition of Crime in West Virginia.

This instrument in the battle against crime is only available as a result of the cooperation of West Virginia's law enforcement presence; the municipal police departments, the sheriff's departments, the campus police forces, the state police and the Department of Natural Resources' conservation officers. Without their contributions of crime data, other members of the community justice community, legislators (state and federal), municipal and county planners, advocacy groups, the media, sociologists, researchers and our citizens would essentially be in the dark concerning the extent and impact of crime.

West Virginia's law enforcement agencies and our staff have worked extremely hard to provide the best and the most accurate statistics possible. We realize that statistics alone may be deceiving, but used in their proper context, they allow us to make better decisions, not only in identifying trends and allocating resources, but even in making personal decisions, such as determining the best location to reside or vacation.

This publication aids our citizens in their efforts to remain active in public safety and help to establish effective communication between law enforcement and the citizens it serves.

We hope all find this work of value in meeting their needs.

Sincerely,

A handwritten signature in cursive script that reads "Gary L. Edgell".  
COLONEL GARY L EDGELL  
SUPERINTENDENT

# INTRODUCTION

The West Virginia Uniform Crime Reporting (UCR) Program is a uniform, statewide method of collecting statistical crime data, under the direction of the Uniform Crime Reporting Section of the Criminal Identification Bureau, West Virginia State Police. Its purpose is two-fold:

1. To provide a consolidated annual report concerning crime in West Virginia and
2. To report state-wide crime statistics from a single agency to the Federal Bureau of Investigation (FBI)

## NATIONAL UNIFORM CRIME REPORTING PROGRAM

The counterpart of all state-wide UCR programs is the National UCR Program under the direction of the Federal Bureau of Investigation. This national program was the result of a need for nation-wide uniform compilation of crime statistics. Uniform Crime Reports were first collected in 1930 after being developed by a committee of the International Association of Chiefs of Police. Today the IACP continues to serve in an advisory capacity to the FBI in its operation of the UCR program.

In the last several years, the FBI has been actively assisting individual states in the development of state-wide programs for the collection of law enforcement statistics. Although individual UCR programs may vary from state to state, all state programs must be compatible with the National UCR Program. Presently there are 47 operational state or territorial-level UCR Programs. Crime statistics submitted by individual law enforcement agencies from all fifty (50) state, whether reported through state-level UCR programs or directly to the FBI, are presented annually in the FBI's Uniform Crime Reports publication, Crime in the United States.

## WEST VIRGINIA UNIFORM CRIME REPORTING PROGRAM

Taking advantage of the invaluable assistance provided, West Virginia developed its own state-wide program for collection of law enforcement statistics.

## PURPOSE AND OBJECTIVES

The fundamental objectives of the West Virginia UCR Program are:

1. Inform the Governor, Legislature, other government officials and the public as to the nature of the crime problem in West Virginia, its magnitude and its trends.
2. Provide the FBI with complete crime data to be included in the National crime report.
3. Provide law enforcement administrators with the best possible data available to help combat individual crime problem areas.
4. Determine who commits crimes by age, sex, race and ethnic origin and by other attributes in order to find the proper focus for crime prevention and enforcement.
5. Provide base data and statistics to measure the workload and effectiveness of West Virginia's Criminal Justice System, to measure the effect of prevention and deterrence programs, and to assist in the assessment of social and other causes for the development of theories on criminal behavior.

## DEVELOPMENT

The West Virginia Legislature, in the Criminal Identification bureau Act of 1971, established the Uniform Crime Reporting Statute.

# **Criminal Identification Bureau Act of 1971**

## **Chapter 15, Article 2, Section 24, Sub-Section i**

(i) All state, county and municipal law enforcement agencies shall submit to the bureau uniform crime reports setting forth their activities in connection with law enforcement. It shall be the duty of the bureau to adopt and promulgate rules and regulations prescribing the forms, general content, time and manner of submission of such Uniform Crime Reports. Willful or repeated failure by any state, county or municipal law enforcement official to submit the Uniform Crime Reports as required in this article shall constitute neglect of duty in public office. The bureau shall correlate the reports submitted to it and shall compile and submit to the governor and the legislature semi-annual reports based on such reports. A copy of such reports shall be furnished to all prosecuting attorneys and law enforcement agencies.

The responsibility and authority for collection and dissemination of UCR data was given to the West Virginia State Police. This program became operational January 1, 1972.

### **REPORTING PROCEDURE**

Under the West Virginia UCR Statute, law enforcement agencies are required to submit specified Uniform Crime Reports. The necessary information for each of the required reports is gathered from each agency's record of complaints, investigations and arrests. Offenses are recorded by the municipal and county in which they occur. Municipal law enforcement agencies report those crimes which occur within the cities, and the county sheriff's departments and state police report those crimes which occur within the counties but outside the cities.

Individual agencies are required to submit uniform crime reports on a monthly basis. Law enforcement agencies report the number of offenses reported to them in the following Part I crime categories:

- (1) Criminal Homicide
- (2) Forcible Rape
- (3) Robbery
- (4) Felonious Assault
- (5) Breaking and Entering
- (6) Larceny Theft
- (7) Motor Vehicle Theft

(Arson became the eight crime index offense in 1979, however, these statistics are collected in a supplemental form and are shown separately.)

In addition, law enforcement agencies report on a monthly basis supplemental offense information such as the value of property stolen and recovered, the circumstances surrounding homicides and rapes, the age, sex and race of all persons arrested and police disposition of juveniles. Police employee data is collected on an annual basis. Information on domestic violence is collected on a monthly basis in accordance with the state code 48-2A-9 and the subsequent information summaries family and household abuse in the state. As of April, 1988, law enforcement agencies began to report to this office a Monthly Controlled Substance Report, which provides information on the quality and type of drugs purchased or confiscated by law enforcement in West Virginia, we well as the estimated street value of these drugs. This data is included in this edition of **Crime in West Virginia**.

### **Verification Process**

An obvious concern in the collection of crime statistics from law enforcement agencies throughout the state is the uniformity and accuracy of data received. All law enforcement agencies are furnished with the Uniform Crime Reporting Handbook which outlines in detail the proper procedures for scoring and classifying offenses. However, program aides such as guides and instructions do not necessarily guarantee the accuracy and correctness of the reports submitted by the agencies. Additional controls therefore are necessary.

Each report received by the UCR Section is recorded, examined and verified for mathematical accuracy and possibly more important, reasonableness. The elimination of duplication of reporting by agencies receives particular attention. Checks are built into the data processing of the reports to further ensure their validity and accuracy. The UCR Program, however, is still affected to some degree by problems such as incorrect reports, incomplete records, misinterpreted data and human error, as are all statistical programs. In addition, it should be pointed out that there is no way of determining the actual total number of crimes which are committed. Many criminal acts occur which are not reported to official sources. It is for this reason the Uniform Crime Reporting Program focuses its attention in the offenses which are reported to law enforcement agencies.

In spite of these and other shortcomings, the Uniform Crime Reporting Program still provides the best information available concerning crime in West Virginia.

## **POPULATION DATA**

The computation of crime rates as they appear in this report by municipal, county and state is based on 1996 population data provided by the Federal Bureau of Investigation through the cooperation and assistance of the United States Bureau of Census.

## **CRIME INDEX**

The tabulations presented in the tables, graphs and charts in this publication indicate the volume and distribution of crime in West Virginia on the basis of a Crime Index. The crime figures are broken down by municipal, county, regional and state totals.

The Uniform Crime Reporting Program utilized seven crime classifications - Murder, Forcible Rape, Robbery, Felonious Assault, Breaking and Entering, Larceny Theft and Motor Vehicle theft, to establish an index to measure the trend and distribution of crime in the United States. These crimes are counted by law enforcement agencies as they become known to them. These crimes were selected as they represent the most common local crime problems. They are defined as all serious crimes either by their nature or by the volume in which they occur. The crimes, Murder, Forcible Rape, Robbery and Felonious Assault are categorized as Violence Crime. The crimes Breaking and Entering, Larceny Theft and Motor Vehicle Theft are classified as Non-Violent Crimes.

The monthly and annual Uniform Crime Reports received in 199 from 240 municipal, county and state law enforcement agencies in West Virginia represent 100% of the estimated West Virginia population. The rural population is served both by the state police and sheriff's departments and the crime rate is computed for the rural population rather than for the agency, however, the number of offenses and percent of offenses cleared is listed separately for each agency.

This report provides police executives with a yardstick with which to measure local crime problems. To use this report as an administrative tool, data must be converted to percentages and rates. The most used of crime statistics is the Crime Index Rate which refers to the number of Crime Index Offenses per 100,000 population. Due to the fact that no city in the state has a population over 100,000, calculations for each individual contributing agency are based on the number of offenses per 1,000 persons.

For Uniform Crime Reporting purposes, a Crime Index Offense is cleared when the case has been solved either by arrest or by exceptional clearance.

# CLASSIFICATION OF OFFENSES

Uniformity in reporting under the West Virginia system is based upon the proper classification of offenses by police.

The adoption of the Federal System of Uniform Crime Reporting included the utilization of the offense classifications of that system. Law enforcement in this state has made accurate application of those classifications in the reports submitted to the West Virginia Uniform Crime Reporting System.

In view of the need for compatibility with the federal system, "offenses" under the program are not distinguished by designation of "high misdemeanors," "misdemeanors," or violations of municipal ordinances. The explanations of offense classifications may vary slightly with those employed at the federal level because the language used in that familiar to law enforcement in this state. However, the major categories of offense classification remain the same as those employed on the national level.

## Part I Offenses

Offense data consists of information that has been extracted from reports of Part I crimes that have come to the attention of West Virginia law enforcement agencies. In general, Part I crimes are those serious crimes that are usually reported to law enforcement agencies. They consist of the following offenses.

### OFFENSE CLASSIFICATIONS

#### (1) Homicide

- 1a. Murder and Non-Negligent Manslaughter - The unlawful killing of a human being with malice aforethought.

*General rule - Any death due to a fight, argument, quarrel, assault or commission of a crime.*

- 1b. Manslaughter by Negligence - the unlawful killing of a human being, by another, without malice aforethought.

#### (2) Forcible Rape

- 2a. Rape by Force - the carnal knowledge of a female forcibly and against her will.

*General rule - Forcible rape of a female but excluding carnal abuse (Statutory Rape) or other sex offenses.*

- 2b. Assault to Rape - Attempts - All assaults and attempts to rape.

#### (3) Robbery - the felonious and forcible taking of the property of another, against his will, by violence or by putting him in fear. Includes all attempts.

- 3a. Gun - All robberies and attempted robberies involving the use of any type of firearm (revolvers, automatic pistol, shotguns, zip guns, rifles, pellet guns, etc.)

- 3b. Knife or Cutting Instrument - All robberies and attempted robberies involving the use of cutting or stabbing objects (knife, razor, hatchet, axe, cleaver, scissors, glass, broken bottle, dagger, ice pick, etc.)

- 3c. Other Dangerous Weapons - All robberies or attempted robberies when any other object or thing is used as a weapon. (This includes clubs, bricks, jack handles, bottles, explosives, acid, etc.)

- 3d. Strong-Arm - Hands, Fists, Feet, etc. - All robberies which includes mugging and similar offenses where no weapon is used, but strong arm tactics are employed to deprive the victim of his property. This is limited to hands, arms, fists, feet, etc. As in armed robbery, this includes all attempts.

#### (4) Assaults - An assault is an attempt or offer, with unlawful force or violence, to do physical injury to another.

*General rule - All assaults will be classified in the following categories, excluding assaults with intent to rob or rape.*

- 4a. Gun - All assaults and attempted assaults involving the use of any type of firearms. (Revolvers, automatic pistols, shotguns, zip gun, pellet guns, etc.)

- 4b. Knife or Cutting Instrument - All assaults and attempted assaults, involving the use of cutting or stabbing objects (knife, razor, hatchet, axe, cleaver, scissors, glass, broken bottle, dagger, ice pick, etc.)
  - 4c. Other dangerous weapon - All assaults or attempted assaults when any other object or thing is used as a weapon. (Club bricks, pick handles, bottles, acid, explosives, lye, poison, scalding water and cases of attempted drowning, burning, etc.)
  - 4d. Hands, Fists, Feet, etc. - **Felonious Assaults** which are of felonious nature when hands, fists, feet, etc., are used. To be classified as felonious assault, the attack must result in serious personal injury.
  - 4e. Other Assaults - Not Felonious - All offenses of simple assault and assault and battery.
- (5) Breaking and Entering - Unlawful entry or attempted forcible entry of any structure to commit a felony or larceny.

**General Rule - Any unlawful entry or attempted forcible entry of any dwelling house, attached structure, public building, shop, office, factory, storehouse, apartment, house trailer, warehouse, mill, barn, other building, houseboat, or railroad car.**

**NOTE: For Uniform Crime Reporting purposes, a breaking and entering with the intent to commit a larceny is classified only as breaking and entering. Breaking and Entering of a motor vehicle with the intent to commit a larceny is classified as larceny.**

- 5a. Forcible Entry - All offenses where force of any kind is used to enter unlawfully a locked structure, with intent to steal or commit a felony. This includes entry by use of a master key, celluloid or other device that leaves no outward mark but is used to open a lock. Concealment inside a building, followed by the breaking out of the structure is also included.
  - 5b. Unlawful Entry - No Force - Any unlawful entry without any evidence of forcible entry.
  - 5c. Attempted Forcible Entry - When determined that forcible entry has been attempted.
- (6) Larceny Theft (except Auto Theft) - The unlawful taking of the property of another with intent to deprive him of ownership.

**General rule - All larcenies and thefts resulting from pocket-picking, purse snatching, shoplifting, larceny from auto, larcenies of auto parts and accessories, theft of bicycles, larcenies from buildings, and from coin operated machines. Any theft that is not a robbery or the result of breaking and entering is included. Embezzlement, larceny by bailee, fraud or bad check cases are excluded.**

- (7) Motor Vehicle Theft - The larceny or attempted larceny of a motor vehicle.

**General rule - Thefts and attempted thefts of a motor vehicle. This includes all vehicles which can be registered as a motor vehicle in this state. Excludes where there is a lawful access to the vehicle, such as a family situation or unauthorized use by others with lawful access to the vehicle. (chauffeur, employees, etc.)**

- (8) Arson - Includes all arrests from violation of State Laws and Municipal Ordinances relating to arson and attempted arson.

**General Rule - any willful or malicious burning or attempt to burn, with or without intent to defraud; a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc. Only fires determined through investigation to have been willfully or maliciously set are to be classified as arsons. Attempts to burn should be included, but fires of suspicious or unknown origins should not be reported.**

**The hierarchy rule will not apply to the offense of Arson. Any other Crime Index Offense occurring in conjunction with an arson will be reported.**

## **Part II Offenses**

Part II Offenses are made up of all other crimes not classified as Part I crimes. Information of Part II Offenses is only reported when an arrest has been made. Part II crimes for UCR purposes are as follows:

- (9) **Other Assaults** - this is comprised of all assaults and attempted assaults which are simple or minor in nature. These "Other Assaults" are also scored on Return A under item 4e as an Offense Known to Police. However, for the purpose of this return, arrests for this offense are scored in this class.
- (10) **Forgery and counterfeiting** - In this class are included all offenses dealing with the making, altering, uttering or possessing, with intent to defraud; anything false in the semblance of that which is true.

## **PROFILE**

# ***WEST VIRGINIA: A Welcome Change***

## ***Vacation Destination***

*West Virginia*, truly deserving of its nickname "Mountain State," possesses an abundance of resources - natural, education and recreational - for its citizens and for visitors to this fine state.

Comprised of 55 counties, with a population in 1998 of 1,811,000 and a density of 74.5 persons per square mile, West Virginia is primarily a rural state nestled in the heart of the country's Mid Atlantic region. The state of West Virginia offers visitors awe-inspiring scenery, numerous recreation and entertaining facilities, historical attractions and unique arts and crafts.

Our rich mountain heritage is brought to life through a diversity of fairs and festivals and historical attractions. Visitors to our many glass factories have the opportunity to watch skilled artisans as they craft fine, handblown glass into beautiful heirlooms and keepsakes. Our extensive park system, quaint bed and breakfast inns and resorts offer a variety of activities and accommodations to suit every taste.

Whitewater rafting trips down our winding rivers, driving tours along our scenic highways, sternwheeler riverboat cruises and scenic train excursions provide ample opportunities to experience the brilliant colors of fall foliage, the colorful blossoms of spring, or the verdant green hills during summertime. Cross-country and downhill ski buffs will enjoy our many outstanding resorts in winter.

From the splendor of our scenic beauty to the myriad outdoor recreational opportunities available, West Virginia is the ultimate destination for conventions, retreats, extended vacations or weekend getaways. Exceptional service and warm hospitality are hallmarks of the West Virginia travel experience.

# CRIME FACTORS

Statistics gathered under the Uniform Crime Reporting Program are submitted by the law enforcement agencies of West Virginia and project a state-wide view of crime. Awareness of the presence of certain crime factors, which may influence the resulting volume and type of statistics presented, is necessary if fair and equitable conclusions are to be drawn. These crime-influencing factors are present, to some degree, in every community and their presence affects, in varying degree, the crime experience of that community. Attempts at comparison of crime figures between communities should not be made without first considering the individual factors present in each community.

Crime, as an outgrowth of society, remains a social problem of grave concern and the police are limited in their role to its suppression and detection. As stated by the president's Commission of Law Enforcement and Administration of Criminal Justice in their report "The Challenge of Crime In A Free Society" (1967 - Page 92):

"But the fact that the police deal daily with crime does not mean that they have unlimited power to prevent it, or reduce it or deter it. The police do not create and cannot resolve the social conditions that stimulate crime. They did not start and cannot stop the convulsive social changes that are taking place in America. They do not enact the laws that they are required to enforce, not do they dispose of the criminals they arrest. The police are only one part of the criminal justice system; the criminal justice system is only one part of the government; and the government is only one part of society. Insofar as crime is a social phenomenon, crime prevention is the responsibility of every part of society. The criminal process is limited to case by case operations, one criminal or one crime at a time."

Set forth below are some of the conditions which will, by type and volume, affect the crime that occurs from place to place.

- ▶ **Density and size of the community population and the metropolitan area of which it is a part.**
- ▶ **Composition of the population with reference particularly to age, sex, race and ethnic origin.**
- ▶ **Economic status of the population.**
- ▶ **Relative stability of the population, including commuters, seasonal and other transient types.**
- ▶ **Climate, including seasonal weather conditions.**
- ▶ **Educational, recreational and religious characteristics.**
- ▶ **Standards governing appointments to the police force.**
- ▶ **Policies of the prosecuting officials and the courts.**
- ▶ **Attitudes of the public toward law enforcement problems.**
- ▶ **The administrative and investigative efficiency of the local law enforcement agency, including the degree of adherence to crime reporting standards.**

# CRIMINAL HOMICIDE - MURDER

---

## DEFINITION

Murder is defined as the unlawful killing of a human being with malice aforethought. Any death due to a fight, argument, quarrel, assault or commission of a crime is included. This index offense is scored by police on the basis of their investigation without regard as to the findings of a court or jury or the decision of a prosecutor. Attempts to kill and assault to kill are scored as felonious assaults and not as murder. Suicide, accidental deaths, justifiable homicides and traffic deaths caused by the negligence of someone other than the victim are not included.

---

# FORCIBLE RAPE

---

## DEFINITION

Forcible Rape is the carnal knowledge of a female forcibly and against her will. For the purpose of Uniform Crime Reporting, rape is divided into two categories; (1) Rape by Force; and (2) Attempted Rape. Carnal abuse without force (statutory rape) and other sex offenses are not included.

Forcible Rape differs from other violent crimes in that the victim in many cases, is hesitant in reporting the offense to police. The rigors of court procedures, embarrassment and fear of any accompanying stigma have a deterrent effect on the victim's willingness to make the crime known to police. The presence of a prior relationship between victim and perpetrator makes the determination of the act of force difficult to establish, and the usual clandestine nature of the offense presents a problem in verification.

---

## SUMMARY

- A total of 337 Forcible Rape Offenses were reported for 1998.
- Forcible Rapes comprised 7.6 percent of the total for the Violent Crime Category and 0.7 percent of the total Crime Index Offenses.
- There were 18.7 Forcible Rapes per 100,000 population in West Virginia.
- September recorded the highest number of Forcible Rapes with 42.
- A total of 96 Forcible Rapes were cleared by arrest or exceptional clearance, a clearance rate of 28.4 percent. Adults were involved in 90 of the clearances.
- There were 88 persons arrested for Forcible Rape offenses; 82 of those arrested were males, 10 under 18, and 78 were white.

# ROBBERY

---

## DEFINITION

Robbery is defined as the felonious and forcible taking of the property of another against their will by violence or by putting them in fear. The element of personal confrontation is always present in this crime. Under the Uniform Crime Reporting Program, all assaults or attempts to rob are included, Robberies are reported in four general categories - gun; knife or cutting instrument; hands, fists, feet, etc.; and other dangerous weapons. As a general rule, robbery differs from larceny in that it is aggravated by the element of force or the threat of force.

Robbery, as a crime of violence, has a serious impact on the victim. In many instances, serious injury results. Oftentimes, along with physical injury or without, the victim suffers mental disturbance. Such damage is immeasurable. This is emphasized when the attempt to rob results in the death of the victim. Of course, in this case, the robbery would not be scored since the more serious offense, murder, would be reported and the robbery would serve as the motive. The placing of a dollar value, however, on the damage resulting from this type of offense is an attempt to measure that which is immeasurable.

---

## SUMMARY

- A total of 674 Robbery Offenses were reported for 1998.
- Robberies comprised 15.1 percent of the total for the Violent Crime category and 1.5 percent of the total Crime Index Offenses.
- There were 37.3 Robberies per 100,000 persons in West Virginia.
- January recorded the highest number of Robberies with 80 offenses.
- The total dollar value for Robbery offenses was \$421,482, an average of \$625 for each offense.
- A total of 167 robberies were cleared by arrest or exceptional clearance, a clearance rate of 24.7 percent. Adults were involved in 152 of the clearances.
- There were 237 persons arrested for Robbery offenses; 206 of those arrested were males, 27 were under 18 and 156 were white.

# FELONIOUS ASSAULT

---

## DEFINITION

Felonious Assault, as defined under the West Virginia Uniform Crime Reporting program, is an attempt or offer with unlawful force or violence, to do serious physical injury to another. Attempts are included since it is not necessary that any injury result when a gun, knife or other weapon is used which would result in serious physical injury if the crime were successfully completed.

The use or attempted use of a dangerous weapon in an assault or the serious injury inflicted by hands, fists or feet separates this offense from those assaults categorized as "simple" and not felonious in nature.

The victim of a actual assault of this type may suffer injury or permanent disability and all assaults to kill and attempts to kill are recorded in this area. As with murder, the use of weapons to inflict these injuries make this offense a subject for analysis.

---

## SUMMARY

- A total of 3,368 Felonious Assault Offenses were reported in 1998.
- Felonious Assaults comprised 75.6 percent of the total Violent Crime category and 7.3 percent of the total Crime Index Offenses.
- July recorded the highest number of Felonious Assaults with 345 offenses.
- There were 185.8 Felonious Assaults per 100,000 population in West Virginia.
- A total of 1,945 Felonious Assaults were cleared by arrest or exceptional clearance, a clearance rate of 24.7 percent. Adults were involved in 1,834 of the clearances.
- There were 1,311 persons arrested for Felonious Assault offenses; 1,099 of those arrested were males, 85 were under 18, and 1,121 were white.

# BREAKING AND ENTERING

---

## DEFINITION

Under this Program, Breaking and Entering is defined as an unlawful entry or attempted forcible entry of any structure to commit a felony or larceny.

Data collection for this offense is further categorized as to forcible entries, unlawful entries (where no force is used), and attempted entries.

As with other non-violent crimes, the motive of personal gain coupled with the element of opportunity, results in the commission of this offense by both the amateur and the professional perpetrator. Only the absence of confrontation and the use of force separate this crime from Robbery of the violent crime group. However, detection during commission many times results in confrontation of the victim by the perpetrator demonstrating why this offense is considered the most serious of the non-violent crime group.

The volume of this offense presents the police with a serious enforcement problem made more difficult in many areas by the lack of sufficient personnel to act as a deterrent and to provide successful solutions to these crimes.

---

## SUMMARY

- A total of 11,086 Breaking and Entering offenses were reported for 1998.
- Breaking and Entering comprised 26.7 percent of the total for the Non-violent Crime category and 24.1 percent of the total Crime Index Offenses.
- August recorded the highest number of Breaking and Entering with 988 offenses.
- There were 612.2 Breaking and Entering per 100,000 population in West Virginia.
- Breaking and Entering of residences accounted for 6,744 (60.8%) of the total offenses; 4,596 (41.5%) of the total offenses were at night.
- The total dollar value for Breaking and Entering offenses was \$10,944,773, an average of \$987 for each offense.
- A total of 1,140 Breaking and Entering were cleared by arrest or exceptional clearance, a clearance rate of 10.2 percent. Adults were involved in 885 of the clearances.
- There were 1,488 persons arrested for Breaking and Entering offenses; 1,352 of those arrested were males, 469 were under 18, and 1,343 were white.

## DEFINITION

Larceny Theft is the unlawful taking or stealing of articles of value without the use of force, violence or fraud. It includes crimes such as shoplifting, pocket-picking, purse-snatching, thefts from autos, and the theft of auto parts and accessories. Motor Vehicle theft is excluded from this category for crime reporting purposes, inasmuch as it is a separate Crime Index Offense.

Larceny offenses cleared by police are dramatically affected by the nature of the crime. As with other Non-violent Crimes, opportunity and stealth, working in favor of the perpetrator and against police detection, reduce solutions for this offense.

As with other offenses against property, Larceny is primarily a crime of opportunity. Types of larceny will differ in volume depending upon the opportunity for theft offered in a given area.

When the average value is applied to the reported crimes in this category, the dollar loss to victims was \$478. It is true that a portion of goods stolen was recovered and returned to the victims, but the relatively low percentage of crimes cleared by arrest, and the lack of specific identification characteristics on such property indicates these recoveries will not materially reduce the overall loss. In addition, many offenses in this category, particularly where the value of goods is small, never come to police attention.

---

## SUMMARY

- A total of 27,064 Larceny Theft offenses were reported for 1998.
- Larceny Theft comprised 65.2 percent of the total for the Non-Violent Crime category and 58.9 percent of the total Crime Index Offenses.
- August recorded the highest number of Larcenies with 2,387 offenses.
- There were 1,494.5 Larceny Thefts per 100,000 population in West Virginia.
- Larceny Theft from automobiles accounted for 7,847 (29.0%) of the total offenses.
- The total dollar value for Larceny Theft offenses was \$12,926,697, an average of \$478 for each offense; of the total offenses 10,809 were \$200 and over in value.
- A total of 4,739 Larceny Thefts were cleared by arrest or exceptional clearance, a clearance rate of 17.5 percent. Adults were involved in 3,720 of the clearances.
- There were 5,103 persons arrested for Larceny Theft offenses; 3,389 of those arrested were males, 1,400 were under 18, and 4,397 were white.

# MOTOR VEHICLE THEFT

---

## DEFINITION

In Uniform Crime Reporting, Motor Vehicle Theft includes all thefts of a motor vehicle. This includes all vehicles which can be registered as a motor vehicle in this State. This definition excludes taking a motor vehicle for temporary use, such as family situation or unauthorized use by others having lawful access to the vehicle, such as chauffeurs, etc.

The crime of Motor Vehicle Theft has been labeled primarily as a crime of opportunity. The youthful offender finds the motor vehicle easily accessible for transportation for any purpose. The remaining thefts are mainly for the purpose of resale, theft of parts and for use in committing other crimes.

# **WEST VIRGINIA ARREST DATA**

## **1998**

The West Virginia Uniform Crime Reporting Program requires the monthly reporting of data concerning persons arrested in the state. A record of total arrest activity for criminal acts in both Part I and Part II classes is received from 237 county, state, and municipal law enforcement agencies and is analyzed and arranged according to age, sex, and race of persons arrested. Traffic arrests, except Driving While Intoxicated, are not reported. A total of 65,235 arrests for Part I and Part II criminal offenses were reported during 1998. This was a decrease of 5,612 arrested under the 1997 figure of 70,847. Based on population estimates, there was a statewide rate of 35.87 arrests per 1,000 persons in West Virginia. The arrest rate in 1997 was 38.96.

Since 1997, the number of persons arrested for Part I and Part II offenses has decreased 7.9 percent while the arrest rate has decreased by 7.9 percent.

A person is counted on the monthly arrest report each time he or she is arrested or summoned. It should be kept in mind that the volume of arrests may vary from time to time due to the differences in local arrest procedures and policies. It should be noted that a person may be arrested several times during a given month for the same or different offenses. This occurs frequently for such crimes as drunkenness, disorderly conduct and similar offenses. A juvenile is counted as "arrested" when the circumstances are such that if he or she were an adult, an arrest would be counted or when police or other official action beyond a mere interview, warning or admonishment is given.

These arrest figures do not indicate the actual number of individual persons arrested or summoned since, as has been pointed out, one person may be arrested several times during the month. However, arrest information is useful in measuring the extent of law enforcement activity in a given geographical area as well as providing an index for measuring the involvement in criminal acts by the age, sex and race of the perpetrators.

Of all reported arrests for 1998, 13.3 percent were for Part I Offenses (Murder, Forcible Rape, Robbery, Felonious Assault, Breaking & Entering, Larceny Theft and Motor Vehicle Theft). Analysis of Part I arrests indicates that Larceny, as in past years comprised the highest percentage of all arrests of Part I crimes with 58.6 percent. The "Drunkenness" category comprised 12.4 percent of the total arrests for Part II Offenses. There were 7,012 arrests for drunkenness in 1998 compared with 8,306 in 1997, down 15.6%. Driving Under the Influence accounted for 12.4% of the total Part II arrests. There were 9,394 arrests for DUI in 1998 compared to that of 9,900 in 1997, down 5.1%.

Juveniles were involved in 11.3 percent of the arrests for 1998, compared to 11.7 in 1997. Female arrests were down 6.8 percent from 14,448 arrests in 1997 to 13,470 arrests in 1998.

Arrests by race show that 88.3 percent of the persons arrested were White while 11.6 were Black.

## **VIOLENT CRIME**

Arrests for crimes of violence (Murder, Rape, Robbery and Felonious Assault) on a statewide basis accounted for 19.5 percent of all arrests for Part I and 1.9 percent of the total arrests for all offenses. A further evaluation indicates that arrests for Felonious Assault were the most frequent, representing 77.3 percent of the total arrests for violent crimes, up from 69.3% during 1997.

## **PROPERTY CRIME**

Property crime arrests (Breaking and Entering, Larceny Theft and Motor Vehicle Theft) comprised 80.5 percent of all arrests for Part I offenses and 10.7 percent of all arrests.

The highest percentage of property crime arrests 72.8 percent, occurred in the Larceny Theft arrests increased 9.6 percent, from 5,646 in 1997 to 5,103 in 1998.

## **NARCOTIC DRUG LAW ARRESTS**

Information concerning arrests for narcotic drug arrests is collected and analyzed according to specific drug categories. During 1998, a total of 4,263 arrests were made for narcotic drug law violations, a decrease of 1.8 percent over 1997. Analysis for individual drug categories showed that the highest percentage of arrests, 69.5 percent, involved possession of marijuana. The lowest percentage of arrests occurred in the sale and manufacture of "other dangerous drugs", amounting to 0.4 percent. Further analysis shows that the arrests for sale/manufacturing of drugs accounted for 14.5 percent and the arrests for possession of drugs represented 85.4 percent.

## **GAMBLING ARRESTS**

Arrests for gambling offenses during 1998 amounted to 0.03 percent of all reported arrests for Part I and Part II offenses. Of those arrested for gambling, 94.1 percent were males. The highest percentage of arrests for gambling offenses, 17.6 percent occurred in both the 30-34 and 40-44 age category. A total of 17 gambling arrests were reported during 1998, a decrease of 29.2 percent from the 1997 figure of 24.

# **LAW ENFORCEMENT EMPLOYEE DATA**

## **1998**

The Uniform Crime Reporting Program in West Virginia incorporates the collection of pertinent data relating to law enforcement entities of the state. Information regarding West Virginia law enforcement manpower, distribution, assaults against law enforcement officers and the number of and circumstances surrounding the killing of law enforcement officers are discussed in this section.

This information is submitted monthly by municipal, county and state law enforcement agencies and is published on a semi-annual basis. Specific information concerning the number of law enforcement employees reflects the status as of October 31, 1998 and is limited to municipal, county and state law enforcement agencies reporting to the West Virginia UCR Program.

The determination of police manpower for any given area or municipality should be a subject of serious consideration. Such consideration, however, should be based on the numerous factors which create the need for police services. Some of these factors, discussed elsewhere in this publication relate to size, density of population, geographic location, character and proximity to metropolitan areas. The information in this section relates to reported law enforcement strength and should not be interpreted as recommended strength for any given entity. Such determinations should be made after objectively evaluating the need for police services based on the above factors.

The personnel of each law enforcement agency differ as to the demands and responsibilities placed before them. Many police officers are fully occupied with clerical tasks and are not free to perform active police duties.

### **SWORN OFFICERS**

In 1998, West Virginia had 3,022 sworn law enforcement personnel, compared to the 1997 figure of 3,003. This is an increase of 19 officers or 0.6 percent in the number of officers in the state. Rates based solely on sworn personnel show that the state average was 1.7 officers per 1,000 inhabitants. Males comprised 96.5 percent of all sworn personnel, while females comprised 3.5 percent.

#### **STATE POLICE**

The West Virginia State Police reported a total of 592 officers. This is a decrease of 5.4 percent over last year's figure of 626 officers. The State Police had a rate of 0.5 sworn officers per 1,000 inhabitants (rural population only).

#### **MUNICIPAL**

Municipal Police Department reported 1,519 sworn officers, an increase of 0.8 percent over the 1997 figure of 1,507 sworn officers. This is a rate of 2.5 sworn officers for each 1,000 inhabitants (municipal population only).

#### **SHERIFF**

County Sheriffs Departments reported a total of 791 sworn officers. This is an increase of 3.7 percent over the 1997 figure of 763. Based on sworn personnel, this is a rate of 0.7 officers per 1,000 inhabitants (rural population only.)

#### **DEPARTMENT OF NATURAL RESOURCES(DNR)**

The Department of Natural Resources reported 120 sworn officers an increase of 12.1 percent over the 1997 figure of 107 officers. These figures reflect a rate of 0.1 sworn officers for each 1,000 inhabitant (rural population only.)

# LAW ENFORCEMENT OFFICERS KILLED AND ASSAULTED 1998

The killing of a police officer has an effect on society which reaches far beyond the overt act. Such occurrences constitute an immediate threat to the well being of the community and a serious breach of the internal security of the country. Today, a young person who considers a career in law enforcement must also consider the very strong possibility of being killed or assaulted by a member of the very same society he or she is sworn to protect. This deplorable situation should be a subject of serious public concern, for in truth, an attack on a police officer is an attack on society. The violence directed against law enforcement officers acting in the line of duty is clearly demonstrated by the following summary information:

In 1998, 1 officer was feloniously killed.

A total of 438 Assaults on Law Enforcement Officers were reported in 1998, of which 92, or 21.0 percent, resulted in personal injury to the officer.

For every 1,000 arrests, there 6.7 Assaults, and for each 100 sworn officers there were 14.5 Assaults.

Personal weapons (hands, fists, feet, etc.) were used in 400 (91.3%) of the Assaults.

A total of 417 of the Assaults were cleared, a clearance rate of 95.2 percent.

# ARSON 1998

## CRIME CLOCK-1 ARSON EVERY 27 HOURS, 2 MINUTES

### DEFINITION

The offense of arson is defined by the National Uniform Crime Reporting (UCR) Program to include any willful or malicious burning or attempts to burn, with or without intent to defraud, a dwelling, public housing, motor vehicle or aircraft, personal property of another, etc.

Early in 1979, in accordance with the FBI-UCR Program, the West Virginia UCR Program began collecting arson data submitted by the UCR contributing agencies.

Reported Arson offenses during 1998 show 324 offenses with estimated property loss of \$4,608,290. 1997 figures reported 359 arson offenses with property loss estimated at \$10,826,365. The number of offenses decreased 9.7% while the estimated property loss decreased 57.4%.

Law enforcement agencies cleared 87 arson offenses during 1998 for a clearance rate of 26.9%.

# DOMESTIC VIOLENCE

The increasing incidence of abuse between family members prompted the enactment of House Bill 802 which resulted in West Virginia State Law §48-2A. This law mandated the collection of domestic violence. Information on spouses, persons living as spouses, persons who formerly resided as spouses, parents, children and step children or other persons related by blood or marriage is collected.

**Abuse:** the occurrence of one or more of the following acts between family or household members who reside together or who formerly resided together:

1. Attempting to cause or intentionally, knowingly or recklessly causing bodily injury with or without a dangerous or deadly weapon.
2. Placing, by physical menace, another in fear of imminent serious bodily injury.
3. Sexually abusing a person under the age of 18 years.

The following information on Domestic Violence is in compliance with State Code §48-2A-9. Collecting the information on Domestic Violence began on July 1, 1981.

Law enforcement agencies reported they received a total of 10,397 complaints on Domestic Violence for 1998. This represented a 4.1 % increase over the 1997 figure of 9,992. They investigated 10,054 (96.7%) of these complaints. Of the complainants who were victims, 1,545 (16.5%) were male, 7,837 (83.5%) female and 3,367 (35.9%) of them had filed a previous complaint. Repeated Abuse Victims suffered 1 Homicide, 2,550 Simple Assaults and 60 Felonious Assaults. Protection Orders were violated in 194 (1.9%) cases.

# HATE CRIMES

Crimes motivated by hate and bias tend to erode the basic fabric of society. Bias incidents having a racial, religious, ethnic, sexual or gender component as well as crimes against individuals with a handicap, manifest themselves in a wide spectrum of criminal activities. These bias incidents jeopardize the active and open pursuit of freedom and opportunity. They attack our citizens based on their race, religion, ethnic heritage, sexual orientation, handicap, political affiliation or gender. Closely linked to such heritage are individual values, beliefs, and identities which are constitutional protected and are challenged by bias motivated crimes. Not only is the person who is personally touched by these offenses victimized, but the entire class of individual residing in the community is affected.

In response to a growing concern about such crimes, the President, on April 23, 1990 signed into law the "Hate Crime Statistics Act of 1990." The Act required the Attorney General to establish guidelines and collect, as part of the UCR program, data **"about crimes that manifest evidence of prejudice based on race, religion, sexual orientation or ethnicity, including where appropriate the crimes of murder; non-negligent manslaughter; forcible rape; aggravated assault; simple assault; intimidation; arson; and destruction, damage or vandalism of property."** The collection was to begin in calendar year 1990 and continue for 4 succeeding years. The Church Arson Prevention Act of 1996 amended, and thereby, reauthorized the Hate Crime Statistics Act by striking "for the year 1990 and each succeeding 4 calendary years" and inserting "for each calendar year." Thus, Hate Crime reporting is a permanent feature of UCR. Disability was added to the act in 1997.

West Virginia also recognizes the rights for its citizens to be **"... free from any violence, or intimidation by threat of violence, committed against their persons or property because of their race, color, religion, ancestry, national origin, political affiliation or sex."** §61-6-2 states that **"if any person does by force or threat of force, willfully injure, intimidate or interfere with or attempt to injure, intimate or interfere with, or oppress or threaten any other person in the free exercise or enjoyment of any right or privilege secured to him or her. . . they shall be guilty of a felony."** Also **"if any person conspires with another person or persons to willfully injure, oppress, threaten or intimidate or interfere with any citizen . . . and in wilful furtherance thereof to assemble with one or more persons for the purpose of teaching any technique or means capable of causing property damage, bodily injury or death when such person or persons intend to employ such techniques or means to violate . . . they shall be guilty of a felony."**

Hate crimes are not separate distinct crimes, but rather "traditional" offenses motivated by an offender's bias. For example, an offender may commit an assault because of his/her bias against the victim's race, religion, sexual orientation, ethnicity/national origin, disability, gender or political affiliation. So it's not necessary to list these offenses in a new crime category. Hate Crime data is obtained by collecting additional information about crimes currently being reported to the UCR program, with the bias motivations being specifically addressed. Because of the difficulty in determining an offender's subjective motivation in the commission of a crime, bias is to be reported only after law enforcement investigation revealed sufficient evidence that offender's actions were motivated, in whole or in part, by bias.

The reporting of Hate Crime data in West Virginia has been simultaneous with the state's conversion to Incident Based Reporting (IBR). In 1996, UCR received its first reports of Hate Crime. In 1996 agencies submitted IBR and reported 4 incidents of bias based crimes. In 1997, 24 agencies submitted IBR and reported 3 incidents of bias based crimes. In 1998, 111 agencies (32% of our total contributors) submitted IBR data and reported 23 incidents of bias based crimes, so data is still very limited.

# **\*\*\*IMPORTANT NOTICE\*\*\***

**This 1998 edition of “*Crime in West Virginia*” will be the last published in this format, the one that has been so familiar for the past 26 years. As of January 1, 1999, only Incident Based Reporting (IBR) data will be accepted by the by the state Uniform Crime Reporting (UCR) program. The IBR format is more detailed than the former reporting method, summary based reporting. You can look forward to seeing information on victims, suspects, property, inflicted injuries, sexual assault/abuse, whether an incident is alcohol or drug related, crime locations and types of weapons employed in an incident; all information that was not available before IBR. This will contribute to a totally new look for next year’s publication.**

**IBR promises to be a more powerful law enforcement tool. Unlike summary reporting, IBR collects data on 22 additional crime offenses and reports all offenses within a single crime occurrence. This should offer law enforcement more detailed, meaningful and timely information than ever.**

**As 1999 is the primary year for West Virginia’s transition to IBR, the 1999 “Crime in West Virginia” will not be a complete report. Although all agencies are required to report UCR data in the new IBR format, the transition to IBR often entails the purchasing of computer equipment and software, training of staff on the new system and extensive debugging of systems. Some police departments will have no data to submit for 1999 edition of the annual crime report, even though they are genuinely attempting to comply with their reporting requirements.**

**More information on IBR can be obtained by contacting the UCR program of the West Virginia State Police. To learn more about IBR on the national level, contact the FBI, national UCR program about the National Incident Based Reporting System (NIBRS) by telephoning 304-625-4995 or writing:**
