

West Virginia State Police 2020-2021 Annual Report

Colonel Jan Cahill, Superintendent

WEST VIRGINIA STATE POLICE

MISSION STATEMENT

Statutory Mission:

West Virginia Code §15-2-12(a): The West Virginia State Police shall have the mission of statewide enforcement of criminal and traffic laws with emphasis on providing basic enforcement and citizen protection from criminal depredation throughout the state and maintaining the safety of the state's public streets, roads and highways.

CORE VALUES

WEST VIRGINIA STATE POLICE

INTEGRITY

A value positioned in the center of the five point star, which represents incorruptible adherence to the other core values. Integrity does not stand alone; it is supported by the other key values: Fairness, Respect, Honesty, Courage and Compassion. These basic values require constant self-discipline. They are the foundation for law enforcement in a democratic society, which holds accountable those who it entrusts to enforce its laws.

FAIRNESS

A value characterized by freedom from self-interest, prejudice or favoritism. Fairness is the essential attribute of impartiality and a cornerstone of the relationship between the citizenry and those sworn to protect and to serve them. Law enforcement officers must treat all witnesses, victims and suspects fairly without reference to personal feelings, beliefs or interests. Fairness requires respect for cultural and ethnic diversity.

RESPECT

A value that denotes National pride and a high regard for all citizens, and the Constitution, power and authority of office. Law enforcement officers must show respect for others through temperance, fairness and courteous execution of their duties and conduct of their personal lives.

HONESTY

A value that is the anchor of Integrity. Honesty means being trustworthy and sincere in accordance with experience and facts. Lying, cheating, stealing, or the appearance of impropriety is unacceptable to the profession of law enforcement.

COURAGE

A value that law enforcement officers must possess to preserve life and property. Courage is control under adversity of fear and the ability to do what is right. Courage is the value that prompts law enforcement officers to take control, and if necessary, risk their lives to defend and protect human life.

COMPASSION

A value that is inherent to understanding or sympathy for victims or another's suffering. Compassion is the ability to restore order to others' lives while controlling and understanding personal feelings which influence individual actions. Humility is a necessary attribute of compassion.

Colonel Jan L. Cahill
Superintendent

West Virginia State Police
725 Jefferson Road
South Charleston, West Virginia 25309-1698
Executive Office

Colonel Jan Cahill
Superintendent

September 1, 2021

The Honorable Jim Justice, II
Governor of West Virginia
State Capitol Building
Charleston, WV 25305

Dear Governor Justice:

In compliance with Chapter 5, Article 1, Section 20 of the Code of West Virginia, the Annual Report of the West Virginia State Police for July 01, 2020, through June 30, 2021, is respectfully submitted for consideration.

The contents of this report reflect the ongoing efforts of this agency in providing the highest standards of law enforcement capabilities possible to the citizens of this great state. This report shows advances and accomplishments the organization has made in its continuing effort to effectively serve the citizens of West Virginia.

During my time as Superintendent, I have found the sworn members and civilian employees of the West Virginia State Police to be fully committed in fulfilling this agency's missions of maintaining the safety of the citizens of West Virginia on the highways and engaging the criminal element on all fronts.

I feel this report reflects the dedication of the personnel of this organization and I am sure you will join me in complimenting the employees of the West Virginia State Police for a job well done during the previous year.

Respectfully Submitted,

A handwritten signature in blue ink, appearing to read "Colonel Jan Cahill".

Colonel Jan Cahill
Superintendent
West Virginia State Police

Organizational Summary

In March of 1919, the West Virginia State Police, originally known as the West Virginia Department of Public Safety, was created during one of the most violent eras the citizens of the state have experienced. The unionization of coal miners throughout the state and the violence that ensued, prohibition and political corruption led then-Governor John Jacob Cornwell to propose legislation that would lead to the birth of the agency. Today, steeped in a rich heritage, the West Virginia State Police is known for providing professional law enforcement services to the citizens of West Virginia and is nationally recognized for its efforts. Advances in communications, computer technology, forensic science, and equipment and training have poised the West Virginia State Police to continue its proud tradition for 100 years since its creation.

As West Virginia's statewide law enforcement agency, the West Virginia State Police is charged with the responsibility of general and special law enforcement and criminal investigation services with concentration in rural, unincorporated areas of the state. Troopers conduct traffic enforcement for both unincorporated areas and interstate highways, and provide security and police services throughout the state for many athletic events, fairs and festivals.

In order to accomplish the mission of the West Virginia State Police and perform the duties and responsibilities mandated by statute, the agency is comprised primarily of two divisions — Staff Services and Field Services. Personnel within Staff Services perform the administrative, accounting and executive functions necessary to operate the agency and are located mostly within the agency's headquarters in South Charleston, West Virginia. Existing organizationally within Staff Services are Executive Protection, Accounting, Information Services, Criminal Records, Forensic Laboratory, Planning and Research, Procurement, Promotional Standards, Traffic Records, Human Resources, Medical Unit and the Photography Laboratory. The West Virginia State Police employed 383 civilian employees throughout the agency.

Field Services is the operational and largest division within the West Virginia State Police. Field Services is responsible for providing necessary police functions to citizens of the state. These functions are provided on a daily basis by seven uniformed field troops, which are divided into 20 districts consisting of 57 detachments. In addition to the seven uniformed troops, the Bureau of Criminal Investigations (BCI) provides personnel statewide for undercover and criminal investigations. Special Operations, Crimes Against Children, and the Training Academy are positioned organizationally within Field Services.

Professional Standards and the Legal Section are separate units of the agency's headquarters, reporting directly to the Superintendent. The function of members assigned to Professional Standards is to ensure the integrity of the agency is not compromised by investigating citizens' complaints and/or allegations of misconduct made against troopers and civilian personnel. The West Virginia State Police takes its responsibility and commitment to the citizens of the state seriously and strives to ensure the agency operates according to its established policies and procedures in order to provide the highest quality of service. The Legal Section assists the superintendent and executive staff of the West Virginia State Police by providing legal advice on issues that affects the day-to-day operations of the agency.

Field Services – Troop 8, Bureau of Criminal Investigations

Captain Jason E. Davis
Troop Commander

The Bureau of Criminal Investigations (BCI) is a specialized unit that concentrates primarily on the investigation of felony related crimes. The crimes investigated by BCI include: violent crimes, drug trafficking, organized crime, political corruption, prescription fraud, insurance fraud, computer crimes, marijuana eradication, polygraph examinations, as well as a host of many other crimes. BCI is further supported by the following units: Insurance Fraud, Polygraph, Gaming and Drug Diversion Units; as well as Marijuana Eradication and the Criminal Intelligence Unit which includes the West Virginia Intelligence Exchange (WVIX).

The headquarters for BCI operations is located in Kanawha County. BCI field components are divided throughout the state into six regions. The focus of the BCI regions is the investigation of the illegal distribution of narcotics and violent crimes.

BCI investigators assigned to regions are also at times co-located with multi-jurisdictional drug task forces serving in capacities as Task Force Commanders or Investigators. Investigators assigned to the regions receive advanced training in the area of narcotic investigation, and other investigative techniques to further operational effectiveness, relating to initiatives within BCI.

Cases investigated by BCI that reflect the efforts of the unit include investigations that lead to the conviction of drug dealers and those who conspire to deal illegal narcotics in West Virginia. The investigations of these cases led to 4,188 state and federal level felony charges of 1,020 individuals during the Fiscal Year. BCI also assisted other agencies in 936 investigations during the fiscal year.

West Virginia Intelligence Exchange:

The mission of the West Virginia Intelligence Exchange, a sub-entity of the WVSP and a division of the Bureau of Criminal Investigations (BCI) is to provide a Statewide Intelligence Exchange for the timely sharing of criminal intelligence information among law enforcement and criminal justice agency personnel in an effort to prevent and control crime and combat terrorism in conformance with the privacy and constitutional rights of individuals. To provide liaison, coordination, and resource assistance in the collection, storage, exchange, dissemination, and analysis of criminal intelligence information in ongoing multijurisdictional investigations or prosecution activities relating to specific areas of criminal activity.

The WVIX staff continued to provide training to entry level city, county and state law enforcement officers. In addition, on-site training was provided to participating agencies

In keeping with the United States Department of Justice Criminal Intelligence Systems Operating Policies, Code of Federal Regulations Part 23, WVIX conducts an ongoing review of submission records for continuing compliance with system submission criteria. This includes verifying continued submission compliance with submitting officers and active purging of information on or before the five year retention period deadline date. A single purge consists of both destroying physical records and deleting electronic records. During this fiscal year, WVIX purged approximately 2,858 records that no longer met the submission criteria for storage and/or had reached the five year retention deadline.

Polygraph Unit:

During the fiscal year the Polygraph Unit performed three hundred eighty (381) interviews and/or polygraph examinations. Of those, one hundred twenty nine (129) confessions and two hundred thirty one (231) admissions were obtained leading to three hundred seventy six (376) felony arrests being conducted due to our involvement.

Gaming Unit:

The Gaming Unit consists of trained investigators who are responsible for the investigation of all gaming violations and felony investigations at the states five casinos. These three investigators are responsible to cover the casinos 24 hours a day, 7 days a week.

Field Services – Troop 0, Special Operations

Captain Stewart T. Harper
Director

The Special Operations Division of the West Virginia State Police exists organizationally within the Field Operations Division. The division is comprised of uniformed members with specialized training and qualifications who are utilized in response to critical incidents involving the West Virginia State Police, as well as other local and federal agencies. The Special Operations Division is divided into five groups: Special Response Team, Aviation Section, K-9, Sniper Unit and Explosive Response Team.

It is the primary mission of WVSP Special Operations to assist every trooper possible, making police work safer for the same, as well as assisting in overall efficiency, and effectiveness.

Special Operations has seen a sharp increase in activity for every section. This is a result of hard working individuals, working together as a team to meet the ever demanding need for specialized training. Whether it is dealing with a suspected explosive device (ERT), finding a lost child or person in the woods (K-9/Aviation), interdicting narcotics from our states roadways (K-9), or rescuing a hostage (SRT/Sniper), every member of Special Operations realizes that the backbone of our department is the uniform troopers on detachment. Our job is to make their job safer, easier, and more efficient.

Special Response Team/ Sniper Units:

The Special Response Team (SRT) and Sniper Unit members are field officers holding the ranks of Senior Trooper through Lieutenant. SRT is divided into four teams, each covering a specific geographical area. The SRT entry teams/snipers/observers are utilized for high risk warrant service, tactical entries, barricaded suspects, hostage rescue, special security details, special woodland searches, covert surveillance and any other situation where specialized training may be beneficial. These members undergo a selection process based on a combination of shooting skills, an interview process and overall physical fitness.

Aviation:

The Aviation Section of the West Virginia State Police responds to searches for fugitives and lost persons, provides an aerial platform for surveillance, crime scene photography, traffic control (football games, special events) and damage assessments in the event of a natural or manmade disaster. Aircraft are also used for marijuana eradication and to fly Homeland Security missions around critical infrastructure sites in the state.

K-9 Unit:

The West Virginia State Police K-9 Unit currently consists of 15 functional teams, including the Director. A K-9 team consists of a dog and a handler. These teams are located strategically throughout the state, in order to provide timely support for various law enforcement efforts. The K-9 Unit consists of dogs trained in explosives detection, narcotics detection, tracking and patrol.

Explosive Response/Dive Team:

The Explosives Response Team (ERT) members are situated in specific geographical areas of responsibility throughout West Virginia. The primary responsibility of the ERT is to render safe, real or potentially explosive devices or chemicals. Calls for service may include neutralization of a device, the disruption of suspicious packages, the removal of a device or package, and the safe removal and destruction of any explosive materials.

Explosive Response/Dive Team (continued):

ERT members are also tasked with being the WVSP Dive Team, and will take all under water evidence recovery missions and explosive sweeps as approved by Special Operations OIC. A secondary responsibility of ERT is to provide training and support to the National Guard’s Civil Support Teams as well as the West Virginia Regional Response Teams. ERT trains to respond with these teams to assist in the mitigation of a terrorist event.

Field Services – Troop 0, Crimes Against Children Unit

Sergeant James E. Kozik
Director

The Crimes Against Children Unit manages six (6) sections including the Child Protection Unit, Internet Crimes Against Children (ICAC) Task Force, the Missing Children’s Clearinghouse, West Virginia Cybercrime Cooperative (WV3C), and the West Virginia Center for Children’s Justice (WVCCJ).

The Investigators assigned to this unit are highly trained criminal investigators with specialized skills utilized in the interview of both child victims and the perpetrators of these crimes. Many of the investigators are crossed trained with technological skills used to identify perpetrators who use the internet to sexually exploit children. The investigators are called upon to investigate cases of child abuse, child neglect, sexual assault, sexual abuse and sexual exploitation cases. Many of these cases entail investigations of individuals who produce and trade images of child pornography or engage in the sexual solicitation of minors which are computer facilitated crimes. The WVCCJ is active in the implementation of the “Handle With Care” program which has garnered national attention.

Statistical Information for the Fiscal Year

Staff Services – Troop 0, Executive Protection

Captain William A. Pendleton
Director

The Executive Protection Section of the West Virginia State Police is charged with the responsibility of providing 24-hour protection for the Governor, his or her immediate family, and other persons so designated.

During the Fiscal Year the Executive Protection Section consisted of a director, deputy director, and eleven (11) executive protection officers. These West Virginia State Troopers function in both uniformed and plainclothes capacities, as circumstances dictate, and accompany the Governor, his or her family, and other designated individuals to a variety of scheduled events.

Executive Protection Officers are also responsible for the security of all rooms and vehicles utilized by the Governor and other protectees performing advance security checks at scheduled events as needed. When directed, executive protection officers provide protection and transportation to visiting dignitaries and schedule the utilization of any state aircraft, vehicle, or other transportation used by the Governor or other individuals under their protection.

Staff Services – Troop 0, Human Resources

Krystal Smith
Director

The Human Resources Section is responsible for the development and administration of personnel programs, personnel records management, employment applications and processing, and the observance of state and federal employment regulations. The section maintains records including background investigations, evaluations, assignments, promotions and retirement files of State Police personnel.

During the 2020-2021 Fiscal Year, office activities included scheduling and testing for Cadet Classes. The 69TH Cadet Classes was enlisted during the fiscal year 2021. Daily office activities include the completion of all personnel transactions for agency new hires, transfers, separations, reclassifications, leave of absences, and promotions. The Human Resources section is also responsible for civilian job postings, preparation of voluntary transfer reports, managing the Leave Donation Program, reporting and oversight of workers compensation claims, certifying employee hours for the On-The-Job Training Program governed by the Montgomery G.I. Bill as well as tracking and logging military leave hours. The section maintains the automated manpower report, voluntary transfer listing, and the current and former member directory available to the State Police membership on the Agency's internal computer system.

FY 2020-2021 PERSONNEL STATISTICS	SWORN	CIVILIAN

Staff Services – Troop 0, Medical Unit

Karlina VanCamp

The Medical Unit of the West Virginia State Police is located at the Training Academy Complex in Dunbar, West Virginia and consists of three (3) civilian employees which include one registered nurse, one medical billing expert, and one contractual physician. The unit is charged with the responsibility of providing a variety of medical services for the agency that include the following duties:

- Provide medical treatment for minor ailments and injuries that occur within the student population at the State Police Academy
- Coordinate the process for the physical examination of sworn personnel during annual in-service training
- Maintain individual medical files
- Administration of the physical examination requirements for the cadet screening process
- Review and processing of “line of duty” medical billing

The unit also manages the Temporary Alternative Duty (TAD) Program which provides a means of obtaining useful work for personnel who are unable to perform full police duties while recuperating from injuries or illnesses.

The Medical Unit, in cooperation with the Legal Section, is responsible for subrogation claims made on behalf of the agency when another party is at fault in an automobile crash.

Staff Services – Troop 0, Director - Procurement

Sergeant M.R. Yost
Director

The Procurement Section is responsible for the acquisition and distribution of all goods and services integral to the day-to-day operations of the West Virginia State Police. In performing this task, every effort is extended to ensure that equipment, supplies and services obtained are of the highest quality available. Normally these items are obtained either by statewide contracts or by means of competitive bids solicited from reputable vendors who are registered to do business with the State of West Virginia. Expenditures are noted in the Accounting section of this Annual Report.

Staff Services – Troop 0, Director - Radio Communications

Sergeant Jeffrey D. Perry
Director

There are five (5) radio electronics shops located throughout the state that support radio communications. The primary function of the radio shops is to install and maintain towers, base stations, RF links, mobile and portable radios, RADARs, in-car video systems, Body Worn Cameras, License Plate Readers (LPR) and emergency warning equipment. They also work with other state agencies, counties and local municipalities on the Statewide Interoperable Radio Network (SIRN). In addition the radio shops have been installing Body Worn Cameras and equipment along with training personnel Computer Aided Dispatch (CAD).

Staff Services – Troop 0, Information Support Services

Sergeant Russ Greene
Director

The Information Services Section is responsible for specifying, purchasing, installing and maintaining computer network infrastructure within the department, as well as all end user system equipment. The staff members are responsible for all Information Technology related work and maintain all of the servers, desktops, laptops, and network equipment. In addition they maintain and install video surveillance, telephone, fire, and security systems at the detachments.

The section is responsible for maintaining the West Virginia Automated Police Network (WEAPON). The WEAPON Network is utilized by Federal, State, County, local law enforcement, and non-criminal justice agencies. The WEAPON system is the gateway to the National Crime Information Center (NCIC) with the FBI and the National Law Enforcement Telecommunications System (NLETS) connecting approximately 35,000 agencies together.

Staff Services – Troop 0, Criminal Records

F/Lieutenant Scott Pettry
Director

The Criminal Records Section was established in 1935 by Legislative Act. The original purpose was to receive and file fingerprints, photographs, records and other information pertaining to the investigation of crime and the apprehension of criminals. Further legislation has required the clerk of any court of record or magistrate to report to the Criminal Records Section any sentence or other disposition of criminal charges brought against any person. Since the inception of the section, criminal history record information (CHRI) has been processed and maintained in a manner fashioned from procedures followed by the Identification Division of the Federal Bureau of Investigation, and has done so with few procedural changes over the past 63 years. Criminal Records is comprised of twelve (12) distinct sections, including:

- | | |
|------------------------------------|------------------------------------|
| Criminal Records | Court Disposition Reporting |
| Concealed Handgun Permits Registry | Law Enforcement Officer Safety Act |
| Bail Bond Enforcer Registry | Sexual Offender Registry |
| Central Abuse Registry | Child Abuse Registry |
| Uniform Crime Reporting | Biometric Identification |
| Expungement Unit | |

During the past year, the Criminal Identification Bureau processed approximately:

13,137 Sex Offender Registrations
 722 Child Abuse Registrations
 42,656 Criminal Arrests
 54,035 Applicant Background Investigations

CDR'S Received 48,205
 CDR'S Posted 38,289

 Renewal 16,331
 Provisional 373
 LEO 154
 Fee Exempt 171
 Changes 933
 Audits 26

Biometrics Section

- Processes all criminal and non-criminal fingerprints for the entire state. All fingerprint submissions are processed through the Biometric Section which then compiles the data in our State Repository. Each Livescan arrest also includes palm prints and mugshot data which is added to the Repository. We also process facial recognition submissions which are used as investigative tools. At the end of 2019 our upgraded AFIS (Automated Fingerprint Identification System) was installed. This included new Livescan stations being installed at all Detachments, Correctional Facilities and Jails. Our section is also integral to the Expungement procedure so that we are responsible for removing the proper images out of the AFIS, charges from the CCH (Criminal History), and submitting expungement data to the FBI to maintain record accuracy. We are also working on historical finger-

print cards, for record integrity, that were identified before the introduction of an AFIS. This is just a sample of the primary duties of our section.

Uniform Crime Reporting

- UCR collects criminal justice statistics submitted by WV Law Enforcement Agencies, process and forward to the FBI for publications, create and post an annual report of the statistics from the reporting agencies on the WVSP Website. Analyze statistical information of two years to determine if a Law Enforcement Agency is compliant and provide a Compliance Letter to the Agency for the agency to submit for grant funding. Collect Annual Law Enforcement Officer & Civilian Staffing data per agency in the state and forward this information to the FBI. Analyze annual populations data provided by the FBI per City/County/State. Provide support to the agencies of how to enter the proper information and how to correct errors. Maintain the WVSP National Incident Reporting System and provide support to the secretaries of how to enter the information and how to correct the errors. Acting Liaison for the submitting agency, software providers and FBI regarding questionable submitted data. Expunge records from the WVSP NIBRS Reporting System.

Sex Offender Registry & Child Abuse Registry

- SOR & CAR information is verified and processed by registry personnel, files are reviewed, updated, and prepped for registry determination. We are currently in the process of prepping and scanning deceased SOR & CAR files into our repository and verifying the information. We plan to complete this and current offenders to have all files digitally accessible. Acting liaisons for the WVSP Troopers, Courts, additional LEAs to provide the proper information regarding the registered individuals.

Staff Services – Troop 0, Forensic Laboratory

Sheri Lemons
Director

The West Virginia State Police Forensic Laboratory (WVSPFL), accredited by the ANSI-ASQ National Accreditation Board/American Society of Crime Laboratory Directors-Laboratory Accreditation Board (ANAB/ASCLD-LAB), offers a broad range of forensic services and expert testimony, free of charge, to all law enforcement agencies (local, county, state and federal) within West Virginia. Examinations are conducted in connection with a crime, in support of a criminal investigation, or in the interest of the public safety. The Laboratory is organized into ten (10) forensic disciplines including Seized Drugs, Biology-DNA, Firearms/ Toolmarks/ Impression Evidence, Latent Prints, Toxicology-Blood, Trace Evidence, Biology-Processing, Toxicology-Breath Alcohol, Digital Evidence and Crime Scene Investigation in addition to Central Evidence Receiving. We recently brought Toxicology Breath Alcohol, Digital Evidence and Crime Scene Investigation under the umbrella of the Forensic Laboratory and accreditation is pending. The WVSPFL received approximately 6,400 requests for analysis in 2020.

The WVSPFL has 1,584 pending cases as of July 1, 2021. Several measures have been taken to help make the laboratory a more efficient and effective service for our criminal justice system. Testing processes have been streamlined (implementing Lean Six Sigma techniques), case acceptance policies have resulted in the reduction in the number of tests needed, and additional (temporary) staff have been hired and trained.

The current needs of the laboratory are to retain current staff, transfer the temporary staff to a permanent status and to secure sustainable, dedicated funding for laboratory operations. Should these needs be met, the backlog will continue to drop to negligible and our lab-wide goal of a 60-90-day turnaround time in all sections of the laboratory will be attained.

Cases completed in 2020:

Firearms/Toolmarks/Impression Evidence	193
Trace Evidence (GSR and Fire Debris)	269
Latent Prints	1,031
Seized Drugs	2,411
Toxicology-Blood	1,524
Biology- DNA	593
Biology- Processing	761
Total Completed Cases	6,782

Staff Services – Troop 0, Traffic Records

**F/Lieutenant Chris Zerkle
Director**

The Traffic Records Section of the West Virginia State Police exists organizationally within Staff Operations. In this capacity, the section is responsible for four State Police programs: Motor Vehicle Inspections (MVI), Motor Vehicle Crash Reports, the Commission on Drunk Driving Prevention (CDDP), and the Tobacco Compliance Program.

There are 14 civilian investigators assigned to the MVI program who supervise over 1,800 Official MVI Stations and 11,022 Inspector Mechanics throughout the state of West Virginia. This section is also responsible for all West Virginia Motor Vehicle Inspection stickers sold to the State's inspection stations at a cost of \$3 per vehicle and motorcycle/trailer sticker and \$10 per modified sticker. During the 2020 fiscal year, approximately 1,400,000 stickers were sold.

Traffic Records uses the Report-Beam program to store all motor vehicle crashes investigated by the West Virginia State Police and all reconstructed reports regardless of the agency. The section is further responsible for the sale of these reports, along with any statements, photographs, and video attached to the report, upon the request of attorneys, insurance companies, and parties involved. In the 2020 fiscal year, the West Virginia State Police investigated 5,427 crashes.

This section also has the responsibility of overseeing the administration of all grant funding approved by members of the West Virginia Commission on Drunk Driving Prevention. This includes all training, equipment, and educational materials related to the prevention and detection of driving under the influence of alcohol in West Virginia. The commission provides funding to the West Virginia State Police's annual budget for the administration of this program.

The traffic records section is now over the Tobacco Compliance Program which is funded through a federal grant. The program has seven civilian inspectors who are responsible for checking businesses that sell tobacco, or any product containing nicotine and ensuring the said business is in federal compliance with selling the products. The products must be secured behind the counter, cannot be near any food or candy items, and advertisement of the same must be handled in the same way. Once the compliance checks are completed, a report is sent to the West Virginia Division of Health and Human Resources with the inspector's findings.

Motor Vehicle Inspection

The West Virginia Motor Vehicle Inspection Program, which is administered by the Traffic Records Section of the West Virginia State Police, consists of an annual inspection of all motor vehicles registered in the state where motor vehicle brakes, exhaust, steering, and other mechanical aspects of a motor vehicle are closely evaluated.

While imposing the responsibility and duty of annual inspection upon the motoring public, the West Virginia Inspection Program has also assumed certain obligations to the motorists. It assumes the normal obligations to ensure the program is responsible to public complaints and that it does, in fact, meet its stated objective of promoting public safety and welfare by eliminating mechanical defects in motor vehicles.

During the 2020 Fiscal Year, the Traffic Records Section continued monitoring motor vehicle inspection stations for compliance of inspection regulations. Civilian Investigators began utilizing laptop computers to perform their daily inspection station audits which are electronically transferred to the State Police Headquarters, thereby eliminating the paper trail allowing for a more timely review of the Investigators work.

STATISTICS FOR MVI IN WEST VIRGINIA July 1, 2020 through June 30, 2021		REPAIRS, ADJUSTMENTS OR REPLACEMENTS MADE TO VEHICLES INSPECTED

Commission On Drunk Driving Prevention

The Commission on Drunk Driving Prevention (CDDP) is required to develop and maintain a comprehensive program to prevent drunk driving; enhance the enforcement of laws defining drunk driving offenses; inquire and determine from state and local law enforcement agencies the availability and need for equipment and additional personnel for the effective enforcement of laws defining drunk driving offenses; provide grants to state and local law enforcement agencies to purchase equipment or hiring of additional personnel. The Superintendent of the West Virginia State Police shall be the chairman, Ex-Officio of the Commission and his appointed a member of his staff to be the Executive Director to oversee the Commission activities.

Short term goals for the CDDP include design and implement an interactive web site for the CDDP that will include data retrieval, download capabilities and links to additional useful sites and purchase additional equipment to assist with our testing of drunk drivers. Other goals include the continuation of providing law enforcement agencies throughout West Virginia with funding through grants for the detection and apprehension of drunk drivers, continue statewide training of law enforcement officers on the Intox EC/IR II, Alco-sensor III and S-D2 PBT devices, which covers field sobriety testing, methods of detection, apprehension, and prosecution of drunk drivers, and develop and implement printers for use with the EC/IRII to streamline the paperwork during a DUI arrest.

Tobacco Compliance Program

The Tobacco Compliance Program is funded through a federal grant. The program has seven civilian inspectors who are responsible for monitoring businesses that sell tobacco, or any product containing nicotine and ensuring each business is in federal compliance with selling the products. The products must be secured behind the counter, cannot be near any food or candy items, and advertisement of the same must be handled in the same way. Once the compliance checks are completed, a monthly report is sent to the West Virginia Division of Health and Human Resources with the inspector's findings.

October 1, 2020 to June 30, 2021

Announced (A&L) Inspections	333
Undercover (UB) Inspections*	10
Warning Letters Issued	0
Civil Money Penalties	0

Please note that the Tobacco Compliance Program was very limited and restricted due to COVID-19; the program was shut down from July-September 2020. The program did not resume unrestricted until July 1, 2021.

*UB Inspections were only allowed during March 2021 and only in Pendleton County

Staff Services - Troop 0, Promotional Standards

Captain Shallon Oglesby
Promotional Standards Officer

The West Virginia State Police Career Progression System provides troopers of the West Virginia State Police with career advancement opportunities throughout the member's career, in both supervisory and non-supervisory roles, and is governed by Legislative Rule 81CSR3. The Promotional Standards Officer's (PSO) duties include coordination of all promotional events and reclassification requests for sworn members. In addition to the administration and oversight of the Career Progression System, the PSO provides recommendations to the Superintendent concerning impending promotions to the ranks of sergeant, first sergeant, and lieutenant when vacancies are identified. Promotional candidates for these ranks are identified through a series of written and practical tests, oral interviews, educational background, and other criteria to identify qualified candidates to occupy these supervisory positions. Recommendations made by the director are based upon a rank ordered list of promotional candidates for these supervisory positions and their availability to accept promotions to various locations throughout West Virginia in accordance with Legislative Rule.

The duties which a police officer owes to the state are of a most exacting nature. No one is compelled to choose the profession of a police officer, but having chosen it, everyone is obliged to live up to the standard of its requirements...

Calvin Coolidge

Staff Services - Troop 0, Accounting

Connie Gundy
Comptroller

The Accounting Section of the West Virginia State Police is located at the agency's headquarters in South Charleston, West Virginia and comprises Budget, Accounts Payable, Accounts Receivable, Cash and Grant financial reporting, and Auditing. Accounting is staffed with seven full-time civilian employees. Supervision falls within the responsibilities of the Comptroller and Assistant Comptroller.

Accounting personnel are responsible for all revenue and expenditure transactions which include payroll, travel, vendor payments, cash deposits and refunds, fringe benefit payments, and preparation and expenditure monitoring of the annual operating budget. Accounting staff are also charged with the financial reporting of all grants to ensure compliance with state and federal grant regulations.

The proceeds from the operation of the West Virginia State Police (WVSP) Academy Post Exchange during FY2021 have been used for the sole purpose of purchasing inventory, office supplies, and the payment of credit card fees.

Professional Development, Research & Recruiting – Troop 0, Planning and Research

1/Lieutenant J. P. Murphy
Planning Officer

The Planning and Research Section of the West Virginia State Police serves as support for the Superintendent and his staff. The responsibilities of the section include general planning and policy development and implementation.

General planning responsibilities include development of short and long-range goals for the West Virginia State Police at the direction of the Superintendent, providing research and development support to other sections throughout the agency, and working cooperatively with Field Operations as may be required to meet established objectives and improve agency law enforcement and non-law enforcement responses.

Policy development and implementation involves research, drafting, dissemination, and training of new and revised policies. The section receives and applies input regarding operational practices from a variety of sources and continually reviews and modifies existing policy and develops new policies as directed by the Superin-

tendent.

Planning and Research provides direct assistance to the office of the Superintendent and other senior agency managers in matters of daily and special operations.

Professional Development, Research & Recruiting– Troop 0, Training Academy

Captain David M. Lee
Director of Training

The training staff at the Academy is comprised of ten (10) uniform members, including the Director of Training, who are considered experts in their respective fields of study. These staff members supervise and train every law enforcement officer in the state during their entry level training.

The Academy is responsible for training all newly hired law enforcement officers in the state of West Virginia. Current veteran officers from the State Police and other agencies receive annual in-service training through the Academy.

During the Fiscal year, four (4) entry level classes were conducted at the West Virginia State Police Academy and one (1) Cadet Class was conducted. Numerous seminars, classes, and meetings were conducted at the Academy's Professional Development Center. These functions were attended by various law enforcement, state and federal organizations. The Academy's Professional Development Center was utilized by over 3000 individuals over the course of the last year.

Headquarters – Troop 0, Legal Section

Captain R.A. Moss
Director Legal Division

The Legal Section of the West Virginia State Police consists of two attorneys and one paralegal. The section is housed within agency headquarters and deals with a multitude of legal issues ranging from civil to criminal matters that affect the agency.

The Legal Section is also responsible for administrative grievance hearings from grievances filed by agency employees. The section also handles Circuit and Supreme Court appeals that arise from these cases, as well as handling any unemployment hearings resulting from employee or member termination.

The section prepares written briefs or oral arguments on all civil or criminal appeals that directly affect the West Virginia State Police, such as those pertaining to sexual offender registration, expungements, Freedom of Information Act (FOIA) litigation, and concealed weapons.

On occasion, the Legal Section is called upon to provide instruction during annual in-service training for West Virginia State Police members. In this capacity, the Legal Section updates sworn members of pending or decided West Virginia Supreme Court and U.S. Supreme Court decisions that affect law enforcement. The Legal Section aids in the development of new policies and procedures, training for key personnel, and answering both administrative and field questions pertaining to the agency. In addition, the attorneys answer a wide variety of legal questions from members in the field on a daily basis.

Headquarters – Troop 0, Professional Standards Section

Captain J.T. Findley
Director

The Professional Standards Section is the Superintendent's principle point of contact regarding the professional conduct of both sworn members and civilian employees of the agency. It serves as a collection and dissemination point for all allegations of misconduct lodged against West Virginia State Police employees and ensures these allegations are thoroughly investigated. It provides an avenue through which the public can have complaints addressed and through which the Superintendent can receive complete and accurate information when determining appropriate action to address these complaints. The operation of the Professional Standards Section is governed by West Virginia Legislative Rule 81CSR10. The rule addresses procedures for receiving and investigating complaints, employee rights, the early identification system, psychological assessment, and progressive discipline.

The Professional Standards Section is supervised by a section director who holds an appointed rank position from one of the Superintendent's principal supervisor positions and answers directly to the Superintendent. In addition to the director, the section is staffed with a secretary at the agency's headquarters and an inspector at each troop headquarters who perform investigations and inquiries on behalf of the section. Investigations and inquiries are reviewed by the director for thoroughness, accuracy, and completeness before being submitted to the Superintendent for closure. The Superintendent closes all allegations in one of six ways: Sustained, Not Sustained, Unfounded, Exonerated, Policy Failure, or Withdrawn.

During Fiscal Year 2020 the section received and investigated 59 complaints (which 31 were chargeable crashes) involving 92 allegations of misconduct. A complaint may allege more than one act of misconduct or additional acts of misconduct may be uncovered during an investigation. The accompanying chart illustrates the adjudication of those allegations.

Complaints or allegations of misconduct are generated externally from citizens, and internally by employees of the agency. Complaints are accepted from the public by any means including those received in person, by mail, by the Internet or by telephone. During Fiscal Year 2020, 12 percent of the complaints were received from citizens and 88 percent received from within the agency.

Legislative Rule 81CSR10 authorizes the Professional Standards Section to maintain and administer the early identification system that identifies employees who may be at risk of job-related or other stressors that increases the likelihood of performance problems and complaints of misconduct. Additionally, the section also administers both the uniformed and non-uniformed employee grievance procedures and the random drug-testing program utilized by the agency. The section is also tasked with conducting inspections of West Virginia State Police owned, leased, or maintained facilities, equipment, and personnel to ensure compliance with West Virginia State Police Policy and Procedure. Professional Standards also reviews vehicle pursuits, reports of response to resistance or aggression and department crashes by members of the agency to ensure compliance with established policies and procedures.

Allegations and Dispositions

July 2020 to June 2021

Sustained-58 (63.05%) Not Sustained-20 (21.74%)
Unfounded-2 (2.17%) Exonerated-12 (13.04%)
Policy Failure-0 (0%) Withdrawn-0 (0%)
Pending-0 (0%) Total-92 (100%)
