2022-2023 Annual Report

West Virginia State Police

Serving with pride since 1919

Colonel J. C. Chambers, Superintendent

WEST VIRGINIA STATE POLICE

MISSION STATEMENT

Statutory Mission:

West Virginia Code §15-2-12(a): The West Virginia State Police shall have the mission of statewide enforcement of criminal and traffic laws with emphasis on providing basic enforcement and citizen protection from criminal depredation throughout the state and maintaining the safety of the state's public streets, roads and highways.

In Remembrance
Sergeant Cory Maynard
15 Years of Service

On Friday, June 2, 2023, at approximately 3:30 p.m., Sergeant Cory Maynard was shot and killed while responding to a shooting call in the Beech Creek area of Mingo County.

The subject opened fire on responding officers, fatally wounding Sergeant Maynard. The man fled the scene but was captured approximately six hours later.

Sergeant Maynard had served with the West Virginia State Police for over 15 years. His wife and two children survive him.

In Remembrance
Sergeant Nathan Samples
18 Years of Service

On Thursday, February 9, 2023, Sergeant Nathan Samples died after a courageous battle with cancer.

He served as a uniformed member of the West Virginia State Police for over 18 years. He is survived by his wife, four children, and three grandchildren.

WVSP Core Values

INTEGRITY:

A value positioned in the center of the five point star, which represents incorruptible adherence to the other core values. Integrity does not stand alone; it is supported by the other key values: Fairness, Respect, Honesty, Courage and Compassion. These basic values require constant self-discipline. They are the foundation for law enforcement in a democratic society, which holds accountable those who it entrusts to enforce its laws.

FAIRNESS:

A value characterized by freedom from self-interest, prejudice or favoritism. Fairness is the essential attribute of impartiality and a cornerstone of the relationship between the citizenry and those sworn to protect and to serve them. Law enforcement officers must treat all witnesses, victims and suspects fairly without reference to personal feelings, beliefs or interests. Fairness requires respect for cultural and ethnic diversity.

RESPECT:

A value that denotes National pride and a high regard for all citizens, and the Constitution, power and authority of office. Law enforcement officers must show respect for others through temperance, fairness and courteous execution of their duties and conduct of their personal lives.

HONESTY:

A value that is the anchor of Integrity. Honesty means being trustworthy and sincere in accordance with experience and facts. Lying, cheating, stealing, or the appearance of impropriety is unacceptable to the profession of law enforcement.

COURAGE:

A value that law enforcement officers must possess to preserve life and property. Courage is control under adversity of fear and the ability to do what is right. Courage is the value that prompts law enforcement officers to take control, and if necessary, risk their lives to defend and protect human life.

COMPASSION:

A value that is inherent to understanding or sympathy for victims or another's suffering. Compassion is the ability to restore order to others' lives while controlling and understanding personal feelings which influence individual actions. Humility is a necessary attribute of compassion.

Colonel J.C. Chambers
Superintendent

West Virginia State Police

Executive Office

Colonel J. C. Chambers
Superintendent

October 5, 2023

The Honorable James C. Justice, II
Governor of West Virginia
State Capitol Building
Charleston, WV 25305

Dear Governor Justice:

In compliance with Chapter 5, Article 1, Section 20 of the Code of West Virginia, the Annual Report of the West Virginia State Police for July 01, 2022, through June 30, 2023, is respectfully submitted for consideration.

The contents of this report reflect the ongoing efforts of this agency in providing the highest standards of law enforcement capabilities possible to the citizens of this great state. This report shows the advances and accomplishments the organization has made in its continuing effort to build upon the trust placed in it and to effectively serve the citizens of West Virginia with the utmost integrity.

During my time as Superintendent, I have found the sworn members and civilian employees of the West Virginia State Police to be fully committed to fulfilling this agency's missions of maintaining the safety of the citizens of West Virginia on the highways and engaging the criminal element on all fronts.

This report reflects the dedication of the personnel of this organization and I am sure you will join me in complimenting the employees of the West Virginia State Police for a job well done during the previous year.

Respectfully Submitted,

Colonel J. C. Chambers
Superintendent
West Virginia State Police

Integrity Fairness Respect Honesty Courage Compassion

Organizational Summary

In March of 1919, the West Virginia State Police, originally known as the West Virginia Department of Public Safety, was created during one of the most violent eras the state's citizens have experienced. The unionization of coal miners throughout the state and the violence that ensued, prohibition, and political corruption led then Governor John Jacob Cornwell to propose legislation that would lead to the agency's birth. Today, steeped in a rich heritage, the West Virginia State Police is known for providing professional law enforcement services to the citizens of West Virginia and is nationally recognized for its efforts. Advances in communications, computer technology, forensic science, and equipment and training have poised the West Virginia State Police to continue its proud tradition for 100 years since its creation.

As West Virginia's statewide law enforcement agency, the West Virginia State Police is charged with the responsibility of general and special law enforcement and criminal investigation services with a concentration in rural, unincorporated areas of the state. Troopers conduct traffic enforcement for unincorporated areas and interstate highways, providing security and police services throughout the state for many athletic events, fairs, and festivals.

To accomplish the mission of the West Virginia State Police and perform the duties and responsibilities mandated by statute, the agency is comprised primarily of two divisions — Staff Services and Field Services. Personnel within Staff Services perform the administrative, accounting, and executive functions necessary to operate the agency and are located mainly within the agency's headquarters in South Charleston, West Virginia. Existing organizationally within Staff Services are Executive Protection, Accounting, Information Services, Criminal Records, Forensic Laboratory, Planning and Research, Procurement, Promotional Standards, Traffic Records, Human Resources, Medical Unit, Photography Laboratory and the Training Academy. The West Virginia State Police employed 383 civilian employees throughout the agency.

Field Services is the operational and largest division within the West Virginia State Police. Field Services is responsible for providing necessary police functions to citizens of the state. These functions are provided on a daily basis by seven uniformed field troops, which are divided into 20 districts consisting of 57 detachments. In addition to the seven uniformed troops, the Bureau of Criminal Investigations (BCI) provides personnel statewide for undercover and criminal investigations. Special Operations, and Crimes Against Children, are positioned organizationally within Field Services.

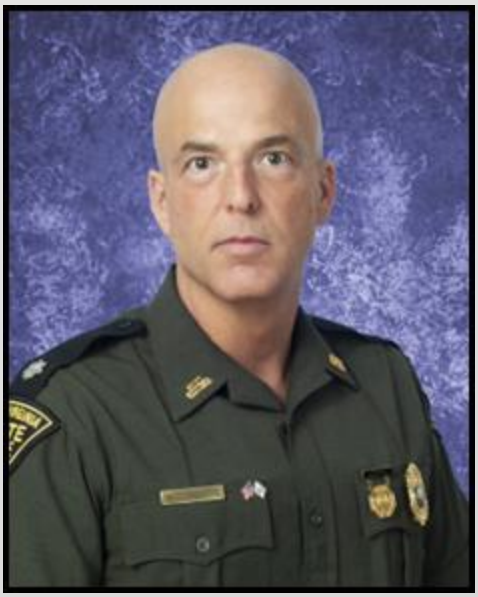

Organizational Summary Continued

Professional Standards and the Legal Section are separate units of the agency's headquarters, reporting directly to the Superintendent. The function of members assigned to Professional Standards is to ensure the agency's integrity is not compromised by investigating citizens' complaints and/or allegations of misconduct made against troopers and civilian personnel. The West Virginia State Police takes its responsibility and commitment to the state's citizens seriously and strives to ensure the agency operates according to its established policies and procedures to provide the highest quality of service. The Legal Section assists the superintendent and executive staff of the West Virginia State Police by providing legal advice on issues affecting the agency's day-to-day operations.

West Virginia State Police
Troop, District, Detachment Map

Troop 8, Bureau of Criminal Investigations

Captain
L.J. Deskins
Troop Commander

The Bureau of Criminal Investigations (BCI) is a specialized unit that concentrates primarily on investigating felony-related crimes. The crimes investigated by BCI include violent crimes, drug trafficking, organized crime, political corruption, prescription fraud, insurance fraud, computer crimes, marijuana eradication, as well as a host of many other crimes. BCI is further supported by the following units: Insurance Fraud, Polygraph Unit, Lottery and Gaming Unit, and Drug Diversion Units, as well as Marijuana Eradication and the West Virginia Intelligence Exchange (WVIX).

BCI Headquarters is located in Kanawha County. BCI field offices are divided throughout the state into six (6) Regions, similar to Troops. The focus of the BCI Regions is the investigation of the illegal distribution of narcotics and violent crime investigations. Most BCI investigators assigned to different Regions are assigned to Multijurisdictional Drug Task Forces and serve as Task Force Commanders or Investigators. Members assigned to the Regions receive advanced training in narcotic investigation and other investigative techniques to further operational effectiveness relating to initiatives within BCI.

Cases investigated by BCI that reflect the efforts of Troop 8 include investigations that lead to the conviction of drug dealers and those who conspire to deal illegal narcotics in West Virginia. The investigations of these cases led to six hundred and fifty-four (654) individuals charged with one thousand two hundred and eight (1208) charges during the Fiscal Year. BCI members were involved in one thousand and seven (1007) drug buys and the execution of over six hundred (600) State and Federal search warrants.

WVIX

The mission of the West Virginia Intelligence Exchange, a sub-entity of the WVSP and a division of the Bureau of Criminal Investigations (BCI), is to provide a Statewide Intelligence Exchange for the timely sharing of criminal intelligence information among law enforcement and criminal justice agencies. This is to prevent and control crime to combat terrorism in conformance with the privacy and constitutional rights of individuals. To provide liaison, coordination, and resource assistance in collecting, storing, exchanging, disseminating, and analyzing criminal intelligence information in ongoing multijurisdictional investigations or prosecution activities relating to specific areas of criminal activity.

From July 01, 2022, to June 30, 2023, the WVIX Staff produced 8,187 Intelligence Packets and Database entries. One thousand six hundred twenty-seven additional Requests for Information/Service were received and processed for West Virginia Law enforcement. There were 3,278 crime tips and suspicious activity reports submitted to the WVSP website. These were analyzed for content validity and reliability. Those meeting the proper criteria were forwarded for follow-up investigation.
The WVIX staff continued to provide training to entry-level city, county, and state law enforcement officers. In addition, on-site training was provided to participating agencies.

Polygraph Unit:
During the fiscal year, the Polygraph Unit performed five hundred and nineteen (519) interviews and/or polygraph examinations for primarily felony criminal investigations and administrative hiring purposes. Administrative exams included applicants for the West Virginia State Police, West Virginia Natural Resource Police, West Virginia State Parks Superintendents, and civilians with the West Virginia State Police Laboratory. Of those interviews and polygraph examinations, three hundred and five (305) confessions and admissions to multiple criminal chargeable counts were obtained, along with additional information not known to the investigator prior to the Polygraph Unit's involvement.

Lottery and Gaming Unit:
The Lottery and Gaming Unit consists of trained investigators responsible for investigating all gaming violations and felony investigations at the State's five (5) casinos. These investigators are responsible for covering the casinos regarding those specific crimes.

Field Services – Troop 0, Special Operations

Captain
S.T .Harper
Director

The Special Operations Division of the West Virginia State Police exists organizationally within the Field Operations Division. The division is comprised of uniformed members with specialized training and qualifications who are utilized in response to critical incidents involving the West Virginia State Police and other local and federal agencies. The Special Operations Division is divided into seven groups: Special Response Team, Aviation Section, K-9, Sniper Unit, Explosive Response Team, Crisis Negotiator Team, and Motor Unit.

WVSP Special Operations's primary mission is to assist every trooper possible, making police work safer for the same and aiding in overall efficiency and effectiveness.

Special Operations has seen a sharp increase in activity for every section. This results from hard-working individuals working together to meet the ever-demanding need for specialized training. Whether it is dealing with a suspected explosive device (ERT), finding a lost child or person in the woods (K-9/Aviation), interdicting narcotics from our state roadways (K-9), or rescuing a hostage (SRT/Sniper), every member of Special Operations realizes that the backbone of our department is the uniform troopers on detachment. Our job is to make their job safer, easier, and more efficient.

Special Response Team/ Sniper Units:
The Special Response Team (SRT) and Sniper Unit members are field officers holding the ranks of Senior Trooper through Lieutenant. SRT is divided into four teams, each covering a specific geographical area. The SRT entry teams/snipers/observers are utilized for high-risk warrant service, tactical entries, barricaded suspects, hostage rescue, unique security details, special woodland searches, covert surveillance, and any other situation where specialized training may be beneficial. These members undergo a selection process based on a combination of shooting skills, an interview process, and overall physical fitness.

Special Operations

Aviation:
The Aviation Section of the West Virginia State Police responds to searches for fugitives and lost persons. It provides an aerial platform for surveillance, crime scene photography, traffic control (football games, special events), and damage assessments in the event of a natural or manufactured disaster. Aircraft are also used for marijuana eradication and to fly Homeland Security missions around critical infrastructure sites in the State.

K-9 Unit:
The West Virginia State Police K-9 Unit comprises 21 functional teams, including the Director. A K-9 team consists of a dog and a handler. These teams are located strategically throughout the State to provide timely support for various law enforcement efforts. The K-9 Unit consists of dogs trained in explosives detection, narcotics detection, tracking, and patrol.

Explosive Response/Dive Team:
The Explosives Response Team (ERT) members are situated in specific geographical areas of responsibility throughout West Virginia. The primary responsibility of the ERT is to render safe, real, or potentially explosive devices or chemicals. Calls for service may include the neutralization of a device, the disruption of suspicious packages, the removal of a device or package, and the safe removal and destruction of any explosive materials.

ERT members are also tasked with being the WVSP Dive Team and will take all underwater evidence recovery missions and explosive sweeps as approved by Special Operations OIC. A secondary responsibility of ERT is to provide training and support to the National Guard's Civil Support Teams as well as the West Virginia Regional Response Teams. ERT trains to respond with these teams to assist in mitigating a terrorist event.

Crisis Negotiator Team (CNT):
The Crisis Negotiation Team consists of 15 members and offers assistance with communications of barricaded individuals. The Crisis Negotiator Teams (CNT) members are strategically situated geographically throughout the State to reduce response times and be readily available at a moment's notice.

Field Services – Troop 0, Crimes Against Children Unit

First Sergeant
J.E. Kozik
Director

The Investigators assigned to this unit are highly trained criminal investigators with specialized skills in interviewing child victims and the perpetrators of these crimes. Many investigators are cross-trained with technological skills to identify perpetrators who use the internet to exploit children sexually. The investigators are called upon to investigate child abuse, child neglect, sexual assault, sexual abuse, and sexual exploitation cases. Many of these cases entail investigations of individuals who produce and trade images of child pornography or engage in the sexual solicitation of minors, which are computer-facilitated crimes. We manage two-state digital forensic units located in Morgantown and Huntington.

Staff Services – Troop 0, Executive Protection

Captain
W.A. Pendleton
Director

The Executive Protection Section of the West Virginia State Police provides 24-hour protection for the Governor, their immediate family, and other persons designated.

These West Virginia State Troopers function in uniformed and plainclothes capacities, as circumstances dictate, and accompany the Governor, their family, and other designated individuals to various scheduled events.

Executive Protection Officers are also responsible for the security of all rooms and vehicles utilized by the Governor and other protectees, performing advance security checks at scheduled events as needed. When directed, executive protection officers provide protection and transportation to visiting dignitaries and schedule the utilization of any state aircraft, vehicle, or other transportation used by the Governor or other individuals under their protection.

Staff Services – Troop 0, Human Resources

William Potter
Director

The Human Resources Section is responsible for the development and administration of personnel programs, personnel records management, employment applications and processing, and observing state and federal employment regulations. The section maintains records, including background investigations, evaluations, assignments, promotions, and retirement files of State Police personnel.

During the 2022-2023 Fiscal Year, office activities included personnel recruitment, employee relations, and scheduling and testing for Cadet Classes. The 70th Cadet Class graduated during fiscal year 2023, adding 26 new Troopers to the roster. Fiscal Year 2023 also saw the enlistment of 63 Cadets and the graduation of 59 new Troopers with the 71st Cadet Class.

Daily office activities include completing all personnel transactions for agency new hires, transfers, separations, reclassifications, leave of absence, and promotions. The Human Resources section is also responsible for civilian job postings, preparation of voluntary transfer reports, managing the Leave Donation Program, reporting and oversight of workers compensation claims, certifying employee hours for the On-The-Job Training Program governed by the Montgomery G.I. Bill as well as tracking and logging military leave hours. The section maintains the automated manpower report, voluntary transfer listing, and the current and former member directory available to the State Police membership on the Agency's internal computer system.

Staff Services – Troop 0, Medical Unit

Karlina VanCamp
Registered Nurse

The Medical Unit of the West Virginia State Police is located at the Training Academy Complex in Dunbar, West Virginia. It consists of three (3) civilian employees: one registered nurse, one medical billing expert, and one contractual physician. The unit is charged with the responsibility of providing a variety of medical services for the agency that include the following duties:

* Provide medical treatment for minor ailments and injuries that occur within the student population at the State Police Academy.
* Coordinate the process for the physical examination of sworn personnel during annual in-service training
* Maintain individual medical files.
* Administration of the physical examination requirements for the cadet screening process.
* Review and processing of "line of duty" medical billing.

The unit also manages the Temporary Alternative Duty (TAD) Program, which provides a means of obtaining useful work for personnel unable to perform complete police duties while recuperating from injuries or illnesses.

In cooperation with the Legal Section, the Medical Unit is responsible for subrogation claims made on behalf of the agency when another party is at fault in an automobile crash.

Staff Services – Troop 0,Director - Procurement

First Sergeant
M.R. Yost
Director

The Procurement Section is responsible for the acquisition and distribution of all goods and services integral to the day-to-day operations of the West Virginia State Police. In performing this task, every effort is extended to ensure that equipment, supplies, and services are of the highest quality. Usually, these items are obtained either by statewide contracts or by means of competitive bids solicited from reputable vendors registered to do business with the State of West Virginia. Expenditures are noted in the Accounting section of this Annual Report.

Staff Services – Troop 0,Director - Radio Communications

Sergeant D.W. Simmons
Director

There are five (5) radio electronics shops located throughout the state that support radio communications. The primary function of the electronics shops is to install and maintain radio communications and electronic equipment in department vehicles, maintain towers, base stations, RF links, mobile and portable radios, RADARs, Body Worn Cameras, License Plate Readers (LPR), wireless communication devices, and emergency warning equipment.

They also work with other state agencies, counties, and local municipalities on the Statewide Interoperable Radio Network (SIRN). Radio Communications maintains and provides support for the Spillman/Flex Computer Aided Dispatch and State Police GIS mapping program. Over the last year, Radio Communications has responded to 1125 support tickets generated by members of the West Virginia State Police. Radio Communications has also deployed assets over the previous year to enhance communications efforts at various locations, including significant special events, warrant roundups, critical incidents, and crime scenes.

The Radio Communications section continues to grow its capabilities by enhancing modern electronics and communications equipment.

Staff Services – Troop 0, Information Support Services

Sergeant
R.H. Greene
Director

The Information Services Section specifies, purchases, installs, and maintains computer network infrastructure within the department and all end-user system equipment. The staff members are responsible for all Information Technology related work and keep all the servers, desktops, laptops, and network equipment: video surveillance and telephone systems. In addition to walk-ins, phone support, and on-site visits, there were 2,798 IT ticket requests and issues closed by Information Services.

The section is responsible for maintaining the West Virginia Automated Police Network (WEAPON). The WEAPON Network is utilized by Federal, State, County, local law enforcement, and non-criminal justice agencies. The WEAPON system is the gateway to the National Crime Information Center (NCIC) with the FBI and the National Law Enforcement Telecommunications System (NLETS), connecting approximately 35,000 agencies. There were a total of 460 individuals trained and certified for WEAPON access.

Staff Services – Troop 0, Criminal Records

First Sergeant
L.J. McClung
Director

The Criminal Records Section was established in 1935 by Legislative Act. The original purpose was to receive and file fingerprints, photographs, records, and other information pertaining to crime investigation and the apprehension of criminals. Further legislation has required the clerk of any court of record or magistrate to report to the Criminal Records Section any sentence or other disposition of criminal charges brought against any person. Since the inception of the section, criminal his- tory record information (CHRI) has been processed and maintained in a manner fashioned from procedures followed by the Identification Division of the Federal Bureau of Investigation. It has done so with few procedural changes over the past 63 years. Criminal Records is comprised of twelve (12) distinct sections, including:

Criminal Records
Concealed Handgun Permits Registry
Bail Bond Enforcer Registry
Central Abuse Registry
Uniform Crime Reporting
Expungement Unit
Court Disposition Reporting
Law Enforcement Officer Safety Act
Sexual Offender Registry
Child Abuse Registry
Biometric Identification

During the past year, the Criminal Identification Bureau processed approximately:

Sex Offender Registrations.....14730
Child Abuse Registrations 1106
Criminal Arrests.....40,363
Criminal Arrest Events 40,363
Incarceration Events.....14,666
Law Enf Backgrounds.....1739
Applicant Background Investigations..... 64,497

<u>CDR Type Received</u>
Domestic 6835
Sex Related 867
Child Abuse.....952

<u>Documents Imaged</u>

CDR's.....49,533
Criminal Cards.....27,053

<u>Concealed Weapons Permits</u>

Received..... 4,439
Renewal 13,595
Provisional 933
LEO 185
Fee Exempt..... 2825
Changes 786
Audits 9

Biometrics Section

Processes all criminal and non-criminal fingerprints for the entire state. All fingerprint submissions are processed through the Biometric Section, which compiles the data in our State Repository. Each Livescan arrest also includes palm prints and mugshot data, which is added to the Repository. We also process facial recognition submissions, which are used as investigative tools. At the end of 2019, our upgraded AFIS (Automated Fingerprint Identification System) was installed. This included new Livescan stations installed at all Detachments, Correctional Facilities, and Jails. Our section is also integral to the Expungement procedure, so we are responsible for removing the proper images from the AFIS, charges from the CCH (Criminal History), and submitting expungement data to the FBI to maintain record accuracy. We are also working on historical fingerprint cards for record integrity, which were identified before the introduction of an AFIS. This is just a sample of the primary duties of our section.

* UCR collects criminal justice statistics submitted by WV Law Enforcement Agencies, processes and forwards them to the FBI for publication, and creates and posts an annual statistics report from the reporting agencies on the WVSP Website. Analyze statistical information for two years to determine if a Law Enforcement Agency is compliant and provide a Compliance Letter to the Agency for the Agency to submit for grant funding. Collect Annual Law Enforcement Officer and civilian Staffing data per Agency in the state and forward this information to the FBI. Analyze annual population data provided by the FBI per City/County/State. Provide support to the agencies of how to enter the proper information and how to correct errors. Maintain the WVSP National Incident Reporting System and support the secretaries on how to enter the information and fix the errors. Acting Liaison for the submitting Agency, software providers, and FBI regarding questionable submitted data. Expunge records from the WVSP NIBRS Reporting System.

Sex Offender Registry & Child Abuse Registry

* SOR & CAR information is verified and processed by registry personnel, and files are reviewed, updated, and prepped for registry determination. We are currently in the process of preparing and scanning deceased SOR & CAR files into our repository and verifying the information. We plan to complete this and current offenders to have all files digitally accessible. This section is also the acting liaisons for the WVSP Troopers, Courts, and additional LEAs to provide the proper information regarding the registered individuals.

Staff Services – Troop 0, Forensic Laboratory

Sheri Lemons
Director

The West Virginia State Police Forensic Laboratory (WVSPFL), accredited by the ANSI-ASQ National Accreditation Board/American Society of Crime Laboratory Directors-Laboratory Accreditation Board (ANAB/ASCLD-LAB), offers a broad range of forensic services and expert testimony, free of charge, to all law enforcement agencies (local, county, state and federal) within West Virginia. Examinations are conducted in connection with a crime, in support of a criminal investigation, or in the interest of public safety. The Laboratory is organized into eight (8) forensic disciplines, including Seized Drugs, Biology/Databasing, Firearms/ Toolmarks/ Impression Evidence, Latent Prints, Toxicology, Trace Evidence, Breath Alcohol Calibration, and Crime Scene Investigation, in addition to Central Evidence Receiving.

We recently brought Breath Alcohol Calibration and Crime Scene Investigation under the umbrella of the Forensic Laboratory. Accreditation for Breath Alcohol Calibration was achieved in 2022 and is in progress for Crime Scene Investigation. The WVSPFL received nearly 10,000 requests for analysis in 2022 (including Digital Evidence, which is no longer under the WVSPFL organizational structure).

The WVSPFL has approximately 1,529 pending cases as of June 30, 2023. Several measures have been taken to help make the Laboratory a more efficient and effective service for our criminal justice system. Testing processes have been streamlined (implementing Lean Six Sigma techniques), case acceptance policies have reduced the number of tests needed, and additional (temporary) staff have been hired and trained. Case requests increased by approximately 2,000 cases due to the increased number of services provided and the direct submission of sexual assault kits.

The current needs of the Laboratory are to retain existing staff, transfer the temporary staff to a permanent status, and secure sustainable and dedicated funding for laboratory operations. Should these needs be met, the backlog will continue to drop to negligible, and our lab-wide goal of a 60-90-day turnaround time in all sections of the Laboratory will be attained.

Section	Pending Cases	Turnaround Times in Days (as of June 2023)
Biology	294	98
Breath Alcohol	8	2
Firearms/Toolmarks Casework/NIBIN	195	255/16
Latent Prints	22	16
Seized Drugs	788	124
Toxicology Alcohol/Drug	34/179	14/46
Trace Evidence	10	9
OVERALL AVERAGE	-	80 Days

Staff Services – Troop 0, Traffic Records

Captain
C.K. Zerkle
Director

The Traffic Records Section of the West Virginia State Police exists organizationally within Staff Operations. In this capacity, the section is responsible for the following State Police programs: Motor Vehicle Inspections (MVI), Motor Vehicle Crash Reports, the Commission on Drunk Driving Prevention (CDDP), facilitating the Governor's Highway Safety Grant funds (GHSP), and the Tobacco Compliance Program.

There are 14 civilian investigators assigned to the MVI program who supervise over 1,800 Official MVI Stations and 11,700 Inspector Mechanics throughout West Virginia. This section is also responsible for all West Virginia Motor Vehicle Inspection stickers sold to the State's inspection stations for $3 per vehicle and motorcycle/trailer sticker and $10 per modified sticker. During the 2023 fiscal year, approximately 1,363,870 stickers were sold. Part of the upcoming changes to the MVI Program will include an increase to $6 per vehicle and motorcycle/trailer sticker with modified stickers remaining $10.

Traffic Records uses the Report-Beam program to store all motor vehicle crashes investigated by the West Virginia State Police and all reconstructed reports regardless of the agency. The section is further responsible for the sale of these reports, along with any statements, photographs, and video attached to the report, upon the request of attorneys, insurance companies, and parties involved. In the 2023 fiscal year, the West Virginia State Police investigated 5,489 crashes.

This section is also responsible for overseeing the administration of all grant funding approved by members of the West Virginia Commission on Drunk Driving Prevention. This includes all training, equipment, and educational materials related to the prevention and detection of driving under the influence of alcohol in West Virginia. The commission provides funding to the West Virginia State Police's annual budget for the administration of this program.

This section also oversees the grant funding from the Governor's Highway Safety Program, decimating funding for the following grant-funded patrols: DUI, Speed, Distracted Driving, Work Zone, and Click it or Ticket to all troops in the State. After the patrols are completed, this section collects the form 36s and assists the (GHSP) with the statistics generated during these patrols.

The Traffic Records section is now over the Tobacco Compliance Program, which is funded through a federal grant. The program has seven civilian inspectors who are responsible for checking businesses that sell tobacco or any product containing nicotine and ensuring the said business is in federal compliance with selling the products. The products must be secured behind the counter and cannot be near any food or candy items, and advertisements of the same must be handled in the same way. Once the compliance checks are completed, a digital report is sent to the Federal Drug Administration – Center for Tobacco Products with the inspector's findings.

Motor Vehicle Inspection

The West Virginia Motor Vehicle Inspection Program, which is administered by the Traffic Records Section of the West Virginia State Police, consists of an annual inspection of all motor vehicles registered in the state where motor vehicle brakes, exhaust, steering, and other mechanical aspects of a motor vehicle are closely evaluated.

While imposing the responsibility and duty of annual inspection upon the motoring public, the West Virginia Inspection Program has also assumed certain obligations to the motorists. It assumes the normal commitments to ensure the program is responsible to public complaints and does meet its stated objective of promoting public safety and welfare by eliminating mechanical defects in motor vehicles.

During the 2023 Fiscal Year, the Traffic Records Section continued monitoring motor vehicle inspection stations for compliance with inspection regulations. The MVI Program has also spent a great deal of time and effort in preparation for the cancellation of annual vehicle inspections and the implementation of bi-annual inspections. Also, with these changes, the Motor Vehicle Inspection Manual, which governs the Inspection Stations and provides guidance for Inspector Mechanics prior to testing and after receiving their certification, has been revised and is currently in the legislative rule process.

Commission On Drunk Driving Prevention

The Commission on Drunk Driving Prevention (CDDP) is required to develop and maintain a comprehensive program to prevent drunk driving, enhance the enforcement of laws defining drunk driving offenses, inquire and determine from state and local law enforcement agencies the availability and need for equipment and additional personnel for the effective enforcement of laws defining drunk driving offenses; provide grants to state and local law enforcement agencies to purchase equipment or hiring of additional personnel. The Superintendent of the West Virginia State Police shall be the chairman, Ex-Officio of the Commission, and an appointed member of his staff to be the Executive Director to oversee the Commission activities.

Short-term goals for the CDDP include designing and implementing an interactive website for the CDDP that will consist of data retrieval, download capabilities, and links to additional useful sites and purchase additional equipment to assist with our testing of drunk drivers. Other goals include the continuation of providing law enforcement agencies throughout West Virginia with funding through grants for the detection and apprehension of drunk drivers, continuing statewide training of law enforcement officers on the Intox EC/IR II, Alco-sensor III and S-D2 PBT devices, which covers field sobriety testing, methods of detection, apprehension, and prosecution of drunk drivers, and develop and implement printers for use with the EC/IRII to streamline the paperwork during a DUI arrest.

Tobacco Compliance Program

The Tobacco Compliance Program is funded through a federal grant. The program has seven civilian inspectors responsible for monitoring businesses that sell tobacco or any product containing nicotine and ensuring each business is in federal compliance with selling the products. Once the compliance checks are completed, a digital report is sent to the Federal Drug Administration – Center for Tobacco Products with the inspector's findings.

Staff Services - Troop 0, Promotional Standards

Captain R.A. Maddy
Promotional
Standards Officer

The West Virginia State Police Career Progression System provides troopers of the West Virginia State Police with career advancement opportunities throughout the member's career, in both supervisory and non-supervisory roles, and is governed by Legislative Rule 81CSR3. The Promotional Standards Officer's (PSO) duties include coordinating all promotional events and reclassification requests for sworn members. In addition to the administration and oversight of the Career Progression System, the PSO provides recommendations to the Superintendent concerning impending promotions to the ranks of sergeant, first sergeant, and lieutenant when vacancies are identified. Promotional candidates for these ranks are identified through a series of written and practical tests, oral interviews, educational background, and other criteria to identify qualified candidates to occupy these supervisory positions. Recommendations made by the director are based upon a rank-ordered list of promotional candidates for these supervisory positions and their availability to accept promotions to various locations throughout West Virginia in accordance with Legislative Rule.

Headquarters – Troop 0, Legal Section

Captain
R.A. Moss
Director
Legal Division

The West Virginia State Police Legal Division consists of two attorneys and one paralegal working from within agency headquarters to provide a wide variety of in-house legal services in coordination with attorneys from the West Virginia Attorney General's Office and the West Virginia Department of Homeland Security. The Legal Division does not provide personal legal services to the agency's officers or employees.

Professional Development – Troop 0, Training Academy

Captain H.R. Petry
Director of Training

The training staff at the Academy is comprised of nine (9) uniform members, including the Director of Training, who are considered experts in their respective fields of study. These staff members supervise and train almost every law enforcement officer in the state during their entry-level training.

The Academy is responsible for training all newly hired law enforcement officers in West Virginia. Current veteran officers from the State Police and other agencies receive annual in-service training through the Academy.

During the Fiscal year, five (5) entry-level classes were conducted at the West Virginia State Police Academy, and two (2) Cadet Classes were conducted and or completed. Numerous seminars, classes, and meetings were conducted at the Academy's Professional Development Center. These functions were attended by various law enforcement, state, and federal organizations. The Academy's Professional Development Center was utilized by over 1,500 individuals over the course of the last year.

Troop 0, Professional Standards Section

Major A.S .Perdue
Director

The Professional Standards Section is the Superintendent's principle point of contact regarding the professional conduct of both sworn members and civilian employees of the agency. It serves as a collection and dissemination point for all allegations of misconduct lodged against West Virginia State Police employees and ensures these allegations are thoroughly investigated. It provides an avenue through which the public can have complaints addressed and through which the Superintendent can receive complete and accurate information when determining appropriate action to address these complaints. The operation of the Professional Standards Section is governed by West Virginia Legislative Rule 81CSR10. The rule addresses procedures for receiving and investigating complaints, employee rights, the early identification system, psychological assessment, and progressive discipline.

The Professional Standards Section is supervised by a section director who holds an appointed rank position from one of the Superintendent's principal supervisor positions and answers directly to the Superintendent. In addition to the director, the section is staffed with a secretary at the agency's headquarters and an inspector at each troop headquarters who perform investigations and inquiries on behalf of the section. Investigations and inquiries are reviewed by the director for thoroughness, accuracy, and completeness before being submitted to the Superintendent for closure. The Superintendent closes all allegations in one of six ways: Sustained, Not Sustained, Unfounded, Exonerated, Policy Failure, or Withdrawn.

Complaints or allegations of misconduct are generated externally from citizens, and internally by employees of the agency. Complaints are accepted from the public by any means including those received in person, by mail, by the PerdueDirector

Staff Services - Troop 0, Planning and Research

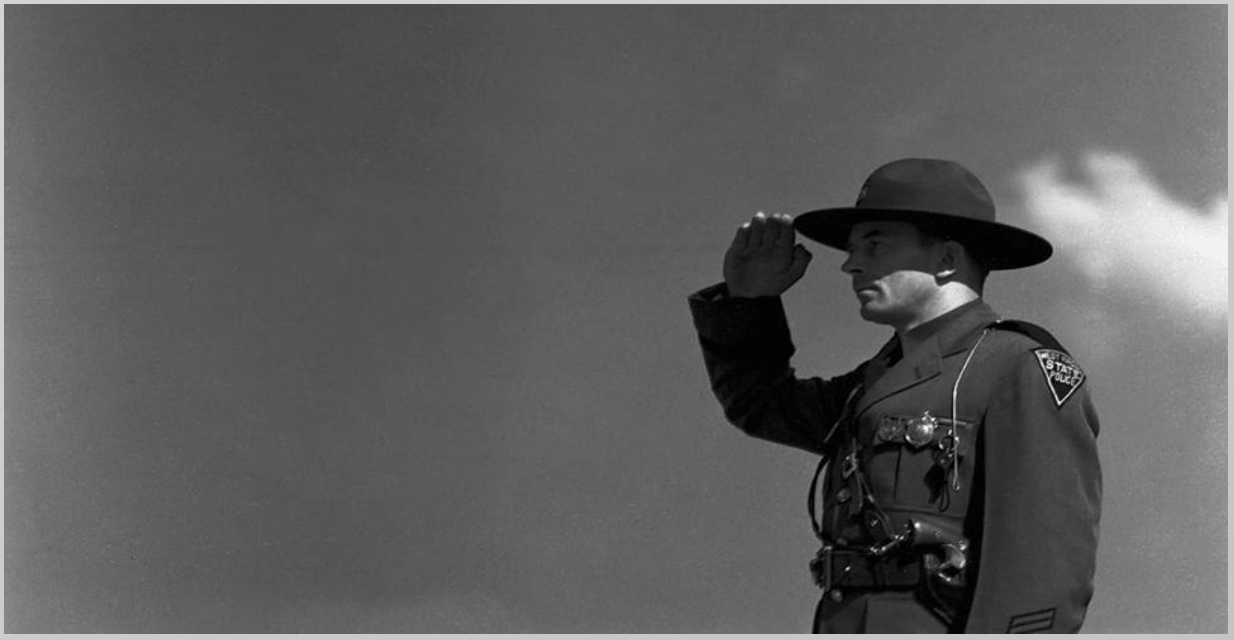

1/Sgt. T.L. Weese
Director
Planning and Research

The Planning and Research Section of the West Virginia State Police serves as support for the Superintendent and his staff. The responsibilities of the section include general planning and policy development and implementation.

General planning responsibilities include the development of short and long-range goals for the West Virginia State Police at the direction of the Superintendent, providing research and development support to other sections throughout the agency, and working cooperatively with Field Operations as may be required to meet established objectives and improve agency law enforcement and non-law enforcement responses.

Policy development and implementation involves research, drafting, dissemination, and training of new or revised policies. The section receives and applies input regarding operational practices from various sources, including other state police agencies, and continually reviews and modifies existing policies and develops new policies as directed by the Superintendent.

Planning and Research provides direct assistance to the office of the Superintendent and other senior agency managers in matters of daily and special operations.
